# The ADYTYUM

PUBLISHED by the Class of THIRTY

DENISON UNIVERSITY

## Dedication

IN appreciation of one who, by his recognition of the intrinsic worth of all men and by his honorable treatment of every student, makes us love and admire him for his courage, his faith, and his courtesy, we, the class of Nineteen Hundred and Thirty, do hereby dedicate this volume to Dr. Frank J. Wright.

# FOREWORD

WITH more thought to spirit than to form, and with an attempt to accentuate the inventive faculty, our motif is that of the "moderne."

While anticipating the inevitably short life of this trend, we endeavor to reflect the influence the times, and to afford, in later years, a history of what has passed.

This book is not a barrier-breaker; rather our "modernism" is a gesture toward doing a little better the things being done. We have tried!

## IN MEMORIAM

**Robert Eugene Jones**

April 22, 1907  
November 4, 1926

Robert Eugene Jones, member of the class of Nineteen Hundred and Thirty, accidentally met death shortly after entering Denison in his freshman year when he fell from a truck loaded with materials which he and classmates had gathered for a pep meeting bonfire.

The conflagration was dedicated to him, the students paying their tribute by gathering about the fire in silent reverence.

He made the greatest sacrifice possible, his life, for the sake of Denison spirit.

## The President

DR. A. A. SHAW

Determined to build for a "Better Denison," Dr. Shaw is constantly at work not only in his office on the Hill, but effectively also through the alumni organization. His speaking tours take him to the principal cities of the country where he is ever at work for Denison. His character, personality and ability are each day adding new friends for Denison, the students having long since been won to their school through his friendship and understanding.

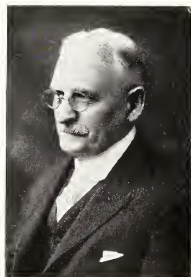

## Officers of the University

REVEREND CLARENCE EDDY  
*Secretary*

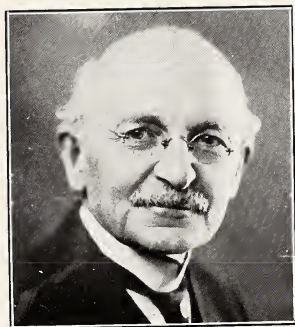

MR. CLARENCE D. COONS  
*Business Manager*

MR. E. E. HOPKINS  
*Bursar*

MR. DONALD R. FITCH  
*Registrar*

DR. C. L. WILLIAMS

Fondest of all recollections of Denison life to hundreds of alumni and for us the sincere pleasure of knowing him, is Dr. Charles L. Williams. We need say nothing by way of introduction to Denisonians of Dr. Williams, "Prof. Willy," as he is known and endeared to us. The place this "grand old man of Denison" holds in our lives is supreme and indisputable.

A Princeton man, and a close friend of the late ex-President Woodrow Wilson, Dr. Williams is equally loyal to Denison as to his Alma Mater. Years spent here have won for him many pleasant friendships, acquired during the long period he was professor of English, and since then as Professor Emeritus and a Granville citizen.

Dr. Williams spent the past winter in Charlotteville, North Carolina, but was back from the South ahead of the birds. He's that way—always one jump ahead of the would-be early bird.

## The Society of the Alumni

**G**RADUATES of the University are members of the Society of the Alumni. Former students of the Granville institutions, recipients of honorary degrees, members of the Board of Trustees, and members of the Faculty for at least three years, are received into membership upon payment of the annual dues of \$3.00.

**JOHN L. BJELKE**  
Executive Secretary

This Society was founded June 28, 1859, William P. Kerr, '45, being the first President. Nearly 5,000 members are enrolled. Annual meetings are held in commencement week.

The Council was organized in 1921, and holds quarterly meetings. The Society maintains the Denison Alumni Bulletin, published monthly at Granville, Ohio, during the college year under the editorship of the Executive Secretary.

Denison Associations of the Society of the Alumni are to be found in the following cities: New York, Chicago, Philadelphia, Baltimore, Washington, Pittsburgh, Detroit, Boston, Los Angeles, San Francisco, Denver, Rochester, N. Y., St. Louis, Charleston, W. Va., Wheeling, Parkersburg, and in larger units as North Carolina, Florida, Japan, West China. In Ohio, Associations are found in Cleveland, Cincinnati, Toledo, Akron, Canton, Youngstown, Dayton, Norwalk, Mansfield, Lima, Middletown, Springfield, Columbus and Newark. These Associations are the auxiliaries of the Society of the Alumni. It is through these or-

ganized local groups that the Executive Secretary keeps the alumni in touch with the college and with each other.

Before moving into a city where one's acquaintance is limited, graduates and undergraduates are urged to consult with the Executive Secretary, who stands ready to introduce them to officers and members of the local groups who in turn will introduce them into circles that are congenial and helpful.

The alumni have launched and are carrying on to a successful termination a campaign for \$300,000 for the endowment of three professorships. Pledges for nearly all this sum have been secured and cash payments received promise great success for the project. This fund will be placed in the hands of the Board of Trustees in 1931, the centennial of Denison.

CLASSES

## Class of 1929

FOUR years of striving will be culminated in a few days with the distribution of diplomas to these graduating students. Denison days have proved only too short, and shorter hours separate the lingering glory-that-has-been from a speedy exit into the hard, cruel world. It is Alma Mater's hope that the members of the Class of 1929 will remain as steadfastly loyal in the years to come as they have been during the interval now closing.

WALTON OSMER  
*President*

KATHRYN DARROW  
*Vice-President*

HELEN GIBSON  
*Secretary*

MILTON FINLEY  
*Treasurer*

JOHN B. AITCHISON  
Granville, Ohio  
*Phi Gamma Delta*  
Yonkers High School,  
Yonkers, N. Y.  
University of Chicago  
(1, 2); Jaw Bones (3, 4);  
Y. M. Cabinet (3, 4);  
Geneva Conference (3,  
4); Student Assistant  
(4).

GERTRUDE E. ALLAN  
Canton, Ohio  
*Shepardson Club*  
McKinley High School,  
Canton  
Math Club (1); Big  
Sister (4).

J. WILLIAM AMOS  
Cambridge, Ohio  
*Sigma Chi*  
Cambridge High School  
Jaw Bones (3, 4);  
Glee Club (1).

ALBERT R. BAKEMAN  
Granville, Ohio  
A. C. C.  
Shanghai High School.  
Shanghai, China  
Math Club (1, 2, 3,  
4); Treasurer (3); Pres-  
ident (4); Tennis (2, 3,  
4); Captain (3); "D"  
Association (3, 4); Cos-  
mopolitan Club (2, 3,  
4); President (4); Stu-  
dent Volunteer (1, 2);  
Geneva Conference (3);  
Student Assistant in  
Mathematics (1, 2, 3);  
First Year Chemistry  
Prize; Annual Honor  
(2, 3).

CLYDE G. BARBER  
Cleveland Heights, Ohio  
*Alpha Theta Sigma*  
Cleveland Heights  
High School  
Adytum (3); Fla-  
mingo (1, 2, 3, 4); Col-  
legian (3, 4); Circula-  
tion Manager, Chemical  
Society (1); Biological  
Society (1, 2, 3, 4);  
Basketball (1); Track  
(1); Rifle Team (1);  
"D" Book (2, 3); Ad-  
vertising Manager, As-  
sociate Editor; Student  
Directory (2, 3).

HILDA P. ALBAUGH  
Dayton, Ohio  
*Shepardson Club*  
Fairview High School  
Adytum (2, 3); Chem-  
ical Society (2, 3, 4);  
Secretary - Treasurer  
(4); Cosmopolitan Club  
(4); Debate Society  
(2); Big Sister (3, 4);  
Student Assistant in Li-  
brary (1, 2, 3, 4); in  
Chemistry (2, 4).

SARAH E. AMOS  
Cambridge, Ohio  
*Kappa Phi*  
Brown High School  
W. A. A. Board (1,  
4); Delta Omicron (2,  
3, 4); Treasurer (4);  
W. A. A. (1, 2, 3, 4);

Niles High School  
Class Treasurer (4);  
Pan-Hellenic Council  
(4); Chemical Society  
(2, 3, 4); President (4);  
Track (1, 2); Cross  
Country (1, 2); Inter-  
class Track; Y. M. Cab-  
inet (1); "D" Book (1);  
Student Assistant in  
Chemistry (2, 3, 4).

VIRGINIA LOUISE

FORSYTH  
Newark, Ohio  
Newark High School  
George Platt Knox  
Club (2).

VERNER I. FOX  
Put-in-Bay, Ohio  
*Alpha Theta Sigma*  
Put-in-Bay High School  
Jaw Bones (4); Inter-  
class Basketball (3);  
Boosters (3).

HAROLD D. FULTON  
Newark, Ohio  
Newark High School  
Engineering Society  
(4); Interclass Speed-  
ball (1); R. O. T. C.  
(1, 2).

WILLIAM GEDDES  
Newark, Ohio  
Newark High School

JOHN M. GIBSON  
Newark, Ohio  
*Sigma Chi*  
Newark High School  
Pan-Hellenic Council  
(3, 4), President (4);  
Flamingo (1, 2, 3, 4);  
Business Manager (4);  
Green Friar; Geological  
Society (3, 4); Basket-  
ball Manager (4); "D"  
Association (4); Junior  
Revue (3); Masquers.

Conference (3).

## Class of 1930

THE Class of 1930 has earned the enviable record of being the peppiest class of the Hill, and as good a Junior Class as ever met within the walls of Doane. Achievements have been made in every phase of scholastic, athletic, and dramatic life. Social activities, too, mark the class as a well-rounded body. The greatest singular success of the Juniors was "Jimmy," in which the evidences of cooperation, a distinguishing characteristic of the class, was so pronounced.

WINTHROP DOLAN  
*President*

EUGENIA COUDEN  
*Vice-President*

ELLEN ROHRER  
*Secretary*

FRANK STEADMAN  
*Treasurer*

**FRANK ACKERMAN**  
Mansfield, Ohio

*Sigma Chi*  
This dark-haired, quiet and efficient fellow student has made himself known as an even-tempered and agreeable person with whom to work. He has been consistently successful in approaching prospective subscribers and advertisers for our weekly. It is rumored that he is going to be a congressman and help play the state politics.

**GEORGE ADAMS**  
Worcester, Mass.

*Beta Theta Pi*  
Curly hair, beaming eyes, and gracious smile—what more could a woman ask? These with a modest capability have won him a place in the hearts of all of us. The presidency of his class was only one of his activities,—but then, his Denisonian forerunners have set him a high mark to aim at.

**RALPH ALLEN**  
Pawnee, Okla.

*A. C. C.*  
We have only a golden memory of Ralph's even more golden tenor voice, for he left us to seize his opportunity to study further in singing. How many times have we listened to him in concert or on a serenade as he sang the songs closest to his heart, and thrilled as we were wafted over "The Waters of Minnetonka."

**ELIZABETH BAILEY**  
Impur, Assam, India

*Shepardson Club*  
Those most deserving of praise care the least about it. That is why Betty doesn't care for a long write-up. She is a helpful, cheerful soul always ready with a smile and a hearty greeting. She is a joy to all who know her.

**C. BENTON BAKER**  
Johnstown, Ohio

*A. C. C.*  
Baker does not live up to his namesake; instead, we find him remapping the campus, making a lot of noise with a tennis racket, and taking part in most every intramural contest. We wish he'd move that transit-telescope in a more advantageous position, and give us a look!

**JERE ACKLEY**  
Granville, Ohio

*Sigma Chi*  
Our generously-built Jere makes a success of a multitude of endeavors, such as sports writing, golf, and softy ing. It is rumored that Jere has been ruled out of amateur competition in golfing circles because of his journalistic prominence, but we hope that our fears are ungrounded.

**MARY ELIZABETH ALLEN**

Clarksburg, W. Va.  
A true blooded West-Virginian, with the accent on the West. If we want to know anything about the latest books or stories, just ask Mary. Reading is her secret obsession; sleeping, next best. Impulsiveness plus the kindest heart in the world make Mary the friend of all. Her eternal question is: "Do you know what?"

**FRANKLIN ANDERSON**  
Newark, Ohio

*A. C. C.*  
Andy came to Denison from Newark, but his reputation came through on high. His pass on the B. & O. is meat for the jealousy of us all. Andy expects to be a physician, and in preparation jetzt studiert er Chemie und Deutch.

**ALICE BAKEMAN**  
New York, N. Y.

*Shepardson Club*  
Another missionary kid. Most intellectual people are quiet but Alice is the exception to the rule. She is a Literary Encyclopedia. Want to know anything about said subject? Ask Alice.

**WILLARD J. BARKELL**  
San Leandro, Calif.

*Alpha Theta Sigma*  
The big literary man about here is Bill, what with the Collegian hanging around his neck, and all. Always in the public eye some place is Bill, but you'll generally find him at the Hut indulging in a round of checkers.

**ELIZABETH BECK**  
Pittsburgh, Pa.

*Chi Omega*  
A brunette with blue eyes, how thrilling! Becky is well-poised, has a charming personality, and loves to sing. And she is a student withal. We know she will greatly boost Y. W., for she is holding back lots of interesting secrets. Work is play for her, and though he's around often, she does not "let George do it."

**MARIE BIGELOW**  
Granville, Ohio

*Kappa Phi*  
Marie is that someone you just can't help admire—she looks so efficient and businesslike. She is always busy with some activity, but yet she gets good grades. Then, too, Marie has personality and charm that insures her popularity.

**JOHN R. BOYD**  
Coshocton, Ohio

*A. C. C.*  
Johnny is the unofficial photographer for the school, and his works have often shown us beauty we hadn't noticed before. He has also experimented as an automobile mechanic. Johnny is a fellow who never says "no" when you ask him to help, and has consistently proved a friend to all.

**CHARLES BURCHARD**  
Jamestown, N. Y.

*Phi Gamma Delta*  
Chuck is a quiet unassuming fellow but he doesn't live up to that reputation all the time. As center on the Phi Gam minor league basketball team he helped win the championship with his clever tip-off playing. Now he plans to try his luck at football for the first time at Denison next fall. "It's better late than never," says Chuck.

**JOHN CASE**  
Washington C. H., O.

*A. C. C.*  
Jack Dempsey in miniature is this hard-boiled little fistcuffer. But Johnny is not limited to this—he excels in dramatics and oratory. If you ever need a doctor who really knows his stuff and will be up at midnight, just call in to Johnny, and you'll find he's just starting the evening.

**LAWRENCE BIEFELD**  
Granville, Ohio

*Pi Kappa Epsilon*  
When Befe waxes warm on that there clarinet or sax the smoke just rolls out the end. "Hot tootin', that's Befe's forte. His orchestra went over big in the Junior Revue, so well that they will make a trip on a Cunard liner this summer.

**HELEN BOUGHTON**  
Granville, Ohio

*Shepardson Club*  
We once heard of some fellows who hiked around the world—they won first place because Helen wasn't hiking. Synonyms for Helen are: good sport, good health, fine personality with fine possibilities for making an athletic philosopher.

**RICHARD B. BARNDT**  
Troy, Ohio

*A. C. C.*  
We wonder how Dick gets all of his A's when he has so many other interests. His specialties are debating, dramatics, and writing Flamingo quips. He was also one of the founders of the Forum—but why bring that up? Dick's aspirations lie in the direction of the ministry and we suspect that his eloquence will sway vast multitudes.

**THELMA BRATT**  
Clarence Center, N. Y.

*Shepardson Club*  
If Thelma ever had a worry we never knew it. And did you ever know that she is a musician of the first order? No? Then you have something in store for you. After school we think that she will be preparing little cherubins for the choir.

**FERN E. CHANNELL**  
Newark, Ohio

*Alpha Tau Delta*  
Take a handful of originality, two lumps of capability, a pinch of spice; mix well and sprinkle with the essence of romance and you have a fairly accurate picture of Fern. She has endless enthusiasm and in spite of the tendency toward uniformity in this age, she stands by herself.

**ELEANOR CHUBBUCK**  
Lakewood, Ohio

Eleanor is another one of those dependable girls who wins friends by her smile and ever ready conversational ability. She really "speaks a good lesson" in class, and knows something about most everything. We like her for herself, because she is sincere and true to her best self.

**ELIZABETH CORKWELL**  
Newark, Ohio  
*Chi Psi Delta*

Step right up and view the only real blonde at D. U. She doesn't Toddy to everyone's tastes but she sure is an eye-opener. She looks like a Fifth avenue advance model in styles, and is right there with a neat hand-out of conversation!

**LEONARD CRAIN**  
East Aurora, N. Y.  
*A. C. C.*

The tinkle of Storky's marimba has always been a familiar sound, and by the moonlight,—is it sweet? It seems that Storky can do everything, haul down straight "A," and still have time for the more timid sex. No wonder he arrives late to lunch on chapel days!

**BERTRAM CROCKER**  
Pontypriidd, Wales

Bert has that voice that penetrates like a song, even though we often have to follow closely to get his thoughts. He's made the rounds of the schools, too, and is regular pastor of a church some distance away from town. We like Bert a lot, and we're sure that he'll go a long way in his calling.

**MARYELLEN DEEDS**  
Pataskala, Ohio  
*Chi Omega*

The palette of life is a big one, colored with many gay spots, and "Deedsie" is one that never fades or runs, but always attracts. Her college career, as we know this year, is a series of ups and downs. Ups when she has an eight o'clock, and downs when there are too many play practices, etc.

**WILBUR CLARK, Jr.**  
Detroit, Mich.  
*Alpha Theta Sigma*

Bill's a general man-about-the-place with a diversity of interests—his correspondence comes in from several different towns. Bill golfs a bit, and listens to what Prof. Jone has to say. Why are Scotch girls crazy for Bill? 'Cause he's going to own a five-and-ten store some day.

**EUGENIA COUDEN**  
Cleveland, Ohio  
*Kappa Phi*

Brains and personality make Genia so well liked on the campus. She has a good sense of humor that we all appreciate in people who just can't help being brilliant. Besides all these admirable qualities she is a member of the Denison orchestra.

**FRED CRALL**  
Bucyrus, Ohio  
*Sigma Alpha Epsilon*

When Fred hits that low bass on the mace club trips, the dust flies from the rafters of the little brown church. He not only has to keep the Flamingo in ads, but the Sig Alphas in good, no mean job either way.

**DOUGLAS DEEDS**  
Granville, Ohio  
*Beta Theta Pi*

A car, a Big Red letter, and a Phi Bete key—and yet he just will be independent. It certainly is disappointing. Doug plays a hard, clean game, whether it's on the gridiron, diamond, or in the classroom. But all his work doesn't preclude an ever-present, winning smile.

**UEL DIBBLE**  
Pittsburgh, Pa.  
*Kappa Sigma*

Dib was a baseball manager this year and was on the swimming team last year. He was also president of the Biology society last year. Dib's a good boy, but when he starts telling about that girl he met on the train Christmas time or an excursion to Columbus—watch out!

CATHERINE DIXON  
Zanesville, Ohio  
*Kappa Phi*

If you ever want advice on how to get a man, Sunny is just the one to help you. She gets more letters from men than some movie actresses do. When she's not with a man, you can see her floating gracefully around on the gym floor.

RICHARD DOUGHTON  
Akron, Ohio  
*Sigma Alpha Epsilon*

Dick made hey-hey while there was lots of moon shining the first semester, and while he isn't with us now, we know that wherever he is, the good ol' town of Akron misses him; he's missed here, too.

JEAN EBAUGH  
Granville, Ohio  
*Chi Psi Delta*

Jean's so practical and full of common sense that you wouldn't think that she was the clinging type, but this "Burr" seems to stick. Jean has the idea that the whole family should be athletic so that's the wherefore of her athletic activities.

HARRIET FELLMAN  
Milwaukee, Wis.  
*Alpha Tau Delta*

Here is a girl who, like a true artist, delights in nothing better than a real "gorge" session. Her good nature is contagious and she'll have you laughing before you know it.

ABRAM FLORY  
Granville, Ohio  
*Phi Delta Theta*

The Squire has thrice been chosen Mayor of Centerville on the gasoline ticket. His public duties have brought him into prominence both with the megaphone and on the stage. Remember Mark Antony in the "Nautical Knot?" And his appearance with Masqueurs, and as the title-role-lead of "Jimmy?"

WINTHROP DOLAN  
Melrose Highlands, Mass.

*A. C. C.*  
Win is a master at putting two dissimilar things together and making them work harmoniously. For instance, Phi Bete key and student government presidency; major in math and minor in English; glee club singer and writer of un-aesthetic news items. In spite of all these incongruities, Win manages to keep enjoying life while uttering puns, and such humor.

JOHN DRAKE  
Monroeville, Ohio

The boys all know John as a long distance runner, and as a long-distance debater. John is up there with the rest of them. Everything John does is long distance: getting A's, bullying the profs, and, we've heard, loving by long-distance as well.

JOHN HOMER EDDY  
Salem, Ohio  
*A. C. C.*

Six feet five inches in the air, Hang some locks of bright red hair. Since we admire a man who is above the common lot of people, let us consider Jawm. He is a hard worker and is rather quiet, but his sense of humor is indeed refreshing. Really we hardly know when to take him seriously.

AMOS K. FLINT  
Erie, Pa.  
*Phi Delta Theta*

Amos could double for his partner in crime, Rocky of the comic strip, for he has plenty of smooth ideas, and his appearance is not at all rough either. He smoothed his way about the campus while here, and we hope he drops around again next fall, and finish up with us.

LYMAN FORD  
Youngstown, Ohio  
*Kappa Sigma*

It's certainly a shame that they took Military Science out of Denison for that black hair of Lyman's always contrasted so well with khaki. Lyman spent much of his spare time this year in giving helpful hints to co-eds in Dr. Lindsey's Botany lab.

**EDITH FOY**  
West Somerville, Mass.  
*Shepardson Club*  
Edith hails from the East where they just naturally have bright "idea-ers." That accounts for the information Edith can give concerning certain matters. She also has a cheerful disposition, which helps out.

**ALICE FULMER**  
Oakdale, Pa.  
*Chi Omega*  
Alice is our nominee for one grand girl. She's an A student, and has an A-plus personality. The Biology Club is getting better under her influence, and as we write this we hope she's getting better from her attack of the mumps. She's always busy, too, and at worthwhile things! She even did Aduytus work while in bed at the hospital.

**MADISON GEORGE**  
Cleveland Heights, Ohio  
George is that big boy that towers some six or seven feet in the air, and does five feet ten in the high jump as easily as most of us take a low hurdle. His D sweater identifies him on the campus from a group of altitude seekers.

**HENRY GLEISS**  
Detroit, Mich.  
*Kappa Sigma*  
"Hank" entered Denison as a Sophomore and has since clowned his way into the hearts of all of us. Gleiss devotes much of his spare time to helping Livy run the Physical Ed. department. He was on the "Big Red" basketball squad, distinguishing himself by a certain little street-car play he pulled in Cincinnati.

**EDITH GRAMLICH**  
Toledo, Ohio  
*Phi Phi Phi*  
Ever since Edith came to us from the busy life of Toledo U she has been chiefly interested in attacking poor, defenseless creatures in Zo lab, an occupation which belies her gentle disposition. Though she firmly insists that she is to be a technician, those big brown eyes suggest other possibilities!

**PAUL W. FRIES**  
Willard, Ohio  
*Lambda Chi Alpha*  
It must have been a lot of hard work to reach that height! If one can get up in that climate, one finds an excellent, easy-going companion. With golf, baseball, and that Essex all weighing heavily on his mind, there have been some fears expressed that he might not pull through.

**MARY GUALT**  
Trinway, Ohio  
*Chi Omega*  
This demure lass with the sparkling black eyes and shining dark hair is known everywhere by her pleasing disposition. Though naturally quiet, she always has a merry word for everyone. Right now we find her steering the Spanish Club home after a very successful year.

**MARTHA GILLESPIE**  
Cincinnati, Ohio  
*Chi Omega*  
A faint scream and neighboring doors open — only to find that it is Martha in the midst of a convulsion of joy! Her motto seems to be whole-hearted play and whole-hearted work — each at the proper time. After all, this must be the secret of her A's, for of them she has a plenty.

**CATHERINE GRAHAM**  
Newark, Ohio  
*Shepardson Club*  
Wouldn't you like to get "Katie" for a Christmas present? Well, if you knew what comes in the package you would — one barrel of smiles, eight yards of enthusiasm, seven tons of cheery words and oodles of fun — that's Katie.

**JAMES W. GRIMM**  
Dover, Ohio  
*Kappa Sigma*  
Jimmy is the best dancer in school — ask any girl, especially those in "Jimmy." At clogging, apache stuff, buck and wing, or just red hot Buckeye Lake kick, he's leader of mob. Wrestling champ in his weight, ex-strong man, glee clubber, and strong sports supporter — his motto is "Beat Wittenberg," and the basketball team did, to please him, twice.

# DOUGLAS GROTH

Oak Park, Ill.  
Phi Gamma Delta  
Doug ought to have an "L" for his middle initial, "L" standing for literary achievements. Not only is he a member of the Literary Club, but he is also the "Book Nook" editor of the Flamingo. Few people read as extensively as Doug, but he is also the "Book Nook" editor of the Flamingo. Few people read as extensively as Doug, but he is also the "Book Nook" editor of the Flamingo. Few people read as extensively as Doug, but he is also the "Book Nook" editor of the Flamingo.

# ISABEL HATCH

Newark, Ohio  
Chi Psi Delta  
Like the mounted police, "lbby" got her man—and with just so many flourishes, well, who couldn't if they had the sweet disposition, vivacity and charm "lbby" has? It's not fair that one girl should possess both personal-ity and brains.

# MARY ELIZABETH

HENDRICKS  
Dayton, Ohio  
Shepardson Club  
The quiet type with deep thoughts is Mary. She may say little vocally, but her ever-ready smile and laughing eyes speak volumes of all sorts of nice things! We've often wondered just what went on behind that smiling mask. Whatever it may be, Mary, we know you're going to achieve great things, and '30's proud of you!

# LA VERNE HESTON

Granville, Ohio  
Shepardson Club  
Paging capability? Heston is the girl you want. She belongs to a self-organized group called "Efficiency Personified." She has the Botanists' disease and in Bacteriology—Heston knows her germs—ask her about spirillum, bacillus, sarcina and coccus.

# DOROTHEA HIEHLE

Newark, Ohio  
Kappa Phi  
Poise, charm, and good looks! With all these attributes she has brains and a good sense of humor. We're awfully glad to have Dot with us for two years.

# ANNABELLE

HAMMOND  
Granville, Ohio  
Sigma Delta Phi  
Lily emerged from the wreck with an extensive rip in her proboscis, but that didn't daunt her effervescent spirit. She has found that Orchestrator, WAA, and Crossed Keys knows what's what. Besides, if you look long enough, you'll find her on the campus somewhere.

# ELLSWORTH HAYNES

Columbus, Ohio  
Phi Gamma Delta  
Happy is quite an expert in H2O. He was a member of the varsity swimming team last year and this year led the Fiji tank team to victory in the annual intramural meet. Happy is a familiar figure at the Shepardson halls and is one of the most loyal supporters for fewer and better rules for the co-eds.

# MARY HESTON

Osborn, Ohio  
Shepardson Club  
It took us a long time to get acquainted with Mary but when we did we felt that we had been missing something. There's nothing in athletics that Mary can't do. Pep and energy she has never lacked nor wasted. Mary's friends are those who consider it a real honor to be noticed by her.

# WILBUR D. HICKS

Canton, Ohio  
A. C. C.  
We have heard of some hicks from the sticks, but this one is from Canton. He seeks diversion from three main sources—by playing a sax, pestering Prof. Jome, and taking long walks into the country. But perhaps the latter is no longer just a diversion!

# CHARLES M.

HINDMAN  
Tarentum, Pa.  
A. C. C.

Chuck came back to us after a too prolonged vacation in the weary world, and a welcome prodigal he is. In his fiddling ability, hearty laugh, and capacity for work, he has accomplishments which might be the envy of many. And how he loves the Licking river!

HELEN HODELL  
Orrville, Ohio  
*Kappa Phi*

There is no impossible! She is President of the Student Government, can do anything in the way of athletics, and pulls down some good grades. And her activity list looks like an encyclopedia! Hodel is a real sport, and a real friend to everyone. At that she keeps 'em guessing.

LUCY HOLLANDER  
Newark, Ohio

Lucy is one of the Newark-ites, with a Kenyon tendency, so we understand. He's a big Beta and quite worth the time of any young lady (so Lucy says). Anyway, Lucy's a fine kid, one of the best, and we're wishing her life's best at all times.

HELEN IRWIN  
Alexandria, Ohio  
*Sigma Delta Phi*

Helen got through with Butler University awfully soon, but this is her first year here. She has eyes just like those Cleopatra must have had and she lets them say all she wants to. She's no shrinking violet, either.

JUNNIA JONES  
Salem, Ohio  
*Shepardson Club*

We wouldn't be surprised if we noticed in the best libraries a shelf full of books with "Jones' Works" on their backs. Junnia belongs to the literary elites.

ROBERT J. KELLEY  
Toledo, Ohio  
*Lambda Chi Alpha*

A huge amount of determination in a compact package is a good estimate of Bob. He is a person who laughs and smiles at hard work (mental or physical) and obstacles—even at fences, while hunting or hiking. We hear that he may take General Booth's place in a certain type of military organization, who knows?

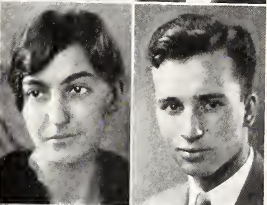

FLORENCE HOFFER  
Newark, Ohio  
*Shepardson Club*

If intellect talked Florence would be called noisy. But she is a quiet maiden which proves the saying, "Still water runs deep." With her ability to remember dates and run off with "A's" from Prof. Gewahr, we expect her to make an historical name for herself.

PAUL HOMBERGER  
Sandusky, Ohio  
*Kappa Sigma*

"Act first and count ten while he's on the floor" is Mutt's axiom of success. Mutt has earned three letters in varsity basketball, has been on the varsity football squad for two years, and pitched some mean balls on the diamond during the same time.

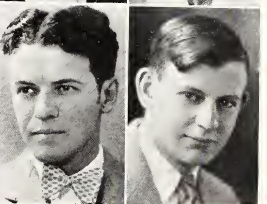

DAVID JAMES  
Youngstown, Ohio  
*Kappa Sigma*

Dave has been captain of the cross country team for two years and is hence a member of the "D" association. Few are the minutes that this boy is seen idle, for when not out practicing for track, Dave may be found keeping the Wigwam in order.

GLENDA JUERGENS  
Cleveland, Ohio  
*Kappa Sigma*

After a year's absence from Denison, Glen is back again to finish his college course. He is on the Denisonian staff and was out for track this year. Better keep an eye on this boy Juergens when he starts out in his Chevie coupe—he has Seagraves worried.

DONALD KINCAID  
Crooksville, Ohio  
*Sigma Alpha Epsilon*

Don does things in intramural sports, including those distance runs, and he sticks pretty close to the athletic department as a trainer and general handy man. He'll get a D as manager next year, too.

# HELEN KLAG

Toledo, Ohio  
The finest of loyal friends, when you really prove yourself worthy of such a friendship. She's majoring in math and twists a mean slide rule, we must admit. She hails from Toledo, and her idol is bridge, bridge, and more bridge! She should be an authority on "Bridge" — the most practical of college courses."

# JOHN F. LARIMER

Cleveland Heights, Ohio  
*Kappa Sigma*  
Jack has that characteristic of sticking to a thing he has once started. Two years on the varsity football squad haven't netted him a letter, but "watch my smoke next year," says Jack. This will also be Jack's second year on the "Big Red" track squad. It's men like him who make contented athletic coaches and successful teams.

# TAYLOR LIGHT

Shelby, Ohio  
A. C. C.  
"Tuberculosis" Light is anything but what his initials imply. A student for the ministry, he's right in it with a lot of common sense capability. "TB" has his joys in Brownsville and his woes in Greek. He hopes to be a second Tilden on the courts some day.

# WAYLAND MARLOWE

Granville, Ohio  
*Beta Theta Pi*  
What a build for a high-jumper or hurdler! And he makes use of it, too. His is a familiar figure on the tennis courts on the warm spring days, and, oh, how he sizzles 'em over. We suspect that he has some activities at the Sem, but he manages to keep us guessing.

# HELEN McPHAIL

Plainfield, N. J.  
*Alpha Tau Delta*  
Step right this way all you who are troubled about cosines, differential equations, etc. Helen can ease all your pains, and in such a gracious way you'll never know you're having a treatment.

# DORIS KURTZ

Granville, Ohio  
*Sigma Delta Phi*  
Dodo didn't Pickett up on the street; she found out at the Lambda Chi house. In her spare time she sings and dances. But she always has the last word.

# JEAN LAWLESS

Vermilion, Ohio  
*Shepherdson Club*  
Jean is not lawless as her name would indicate. On the contrary she is very quiet and possesses many womanly charms. True, she knows all about Political Science and how to run a government, but that is just one of her many accomplishments. She can dance, she can sing, she can do most anything.

# PHILIP LINNE

Litchfield, Minn.  
*Kappa Sigma*  
Mr. Activity no sooner finishes one big job on this man's campus than some other vacancy comes around just waiting for him to step in and Phil the gap. No wonder he never sleeps, except in class, what with Addytum, Denisonian, Junior Revue, Class Presidency, and so far, far into the night.

# CLYDE MARR

Troy, Ohio  
*Alpha Theta Sigma*  
Helen had nothing on Clyde of Troy (Ohio), for this wise yet witty lad is messing around in everything from publications to Junior Revue dancing. His buffoonery is boxed each week for the Denisonian, spread far and wide in the Flamingo, and now, for his writeups of some of you fellow classmen (blame him!) he'll probably be awarded a post here.

# LAMBERT MEIDINGER

Wathena, Kansas  
*Kappa Sigma*  
Meidy is another man who entered Denison as a Sophomore. After being elected captain of the Georgetown College football team for the season of 1927, Meidy heard of a little school in Ohio by the name of Denison and decided to try his prowess as an athlete at that place. Those who have seen Meidy in action on the football field readily understand why he was captain-elect of the Georgetown team and more than appreciate his presence at Denison.

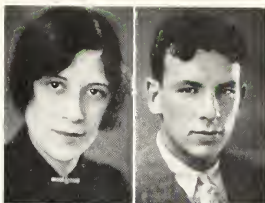

**ESTHER NICOLA**  
Cleveland, Ohio  
*Chi Psi Delta*  
Beauty, grace, and a voice that would make any man Tru. We'll have to hand it to Esther for having so many accomplishments. She's certainly a hit on the stage. You can tell by her acting in the Freshman Benefit and Junior Revue.

**HENRY O'BRIEN**  
Chicago, Ill.  
*Phi Gamma Delta*  
One of those collegiate college boys—trousers that collect dirt, a top coat that approaches the ground and a cute little hat—that is Bud. He can always be found at the Hut, and how he can spend his time there and still keep his grades up has always been a difficult question to answer. When it comes to strutting Bud is the best, bar none, as his splendid work as drum major of the band well shows.

**ELIZABETH PACKER**  
Toulon, Ill.  
*Shepardson Club*  
It isn't safe to say anything about Betty—you never know what she plans to do next. She can do most anything. If some Research Association doesn't get her scientific mind, or if some magazine doesn't get her artistic ability, then some nice fellow who wants a good cook might apply.

**ESTHER PECK**  
Cleveland, Ohio  
*Phi Phi Phi*  
As a panacea for the blues, and as a first-rate fun-dispenser, we recommend Esther. At any Sawyer Hall session she can deal out the lion's share of hilarity with as much ease as a Bridge hand. In her odd moments she finds time to display her artistic talent through the Flamingo. Then, too, what would Junior Revue have been without Abigail's fainting spells?

**DOROTHY PERRY**  
Painesville, Ohio  
*Shepardson Club*  
If you want to find Dottie call at the girls' gym. Her office hours are from a quarter after breakfast till five of bed time. Her motto is — Work hard, keep sweet, and Don't give up the ship—Perry.

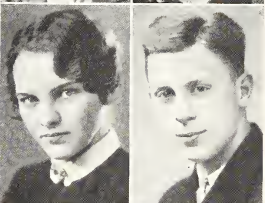

**WILLIAM NICHOLSON**  
Sandusky, Ohio  
*Sigma Alpha Epsilon*  
Billy, until his accident last year, was one of our best exponents in pigskin and other athletic art. Now he has to content himself with the intramurals at which he is more than successful—witness the Sig Alphas winning the major league basketball championship this year. But Billy does not specialize in athletics alone for he has been a familiar figure at Stone Hall and seems quite capable at entertaining girls.

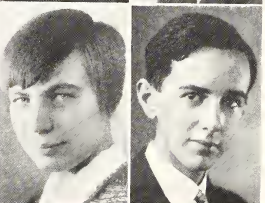

**GEORGE OGDEN**  
Lakewood Ohio  
*Sigma Chi*  
George spends most of his time in the conservatory of music as a right hand man to Professor Stark. Two years ago George won second place in the national organ contest in Philadelphia and we expect him to take first honors there this year.

**MARY PAYNE**  
Johnstown, Ohio  
Mary ought to be a truly educated school teacher some day, judging by the volume of education she is taking on the hill. Maybe it's home, or perhaps something else, but she gets back to Johnstown so often that we are rather dubious about her namesake's song.

**RALPH PENCE**  
Hillsboro, Ohio  
*Kappa Sigma*  
Here's life for you; a man who has taken his fun where he's found it, and if he hasn't found it, made it! Sugar made his letter in football during the past season and was on the track squad his Sophomore year. A smile for everyone is his motto, and he surely lives up to it. He makes himself at home in the presence of others as readily as he makes others feel at home in his company.

**ROBERT PFUNDSTEIN**  
Erie, Ill.  
Bob toots that bass trombone like a true musician, or so we've been told. He accompanied the Glee Club on a trip last year, and they haven't been the same since. From all reports, Shurtleff College has lots of attractions, but the Denison band has charms for all.

# VIOLET MERKLE

Dayton, Ohio  
Violet's main weakness is "Bills," although she does prefer the Common variety. She's one of the Dayton clan, with a big heart and true Denison spirit. Here's to you, Violet, to you, and all the little Bills.

# LEONA MOORE

Rochester, N. Y.  
Shepardson Club  
This is Leona's first year with us and think what we have missed. And we wonder what the Mexicans are doing without her. Her stay with us has been helpful and her Christian spirit of friendliness has done us good. We trust the helpfulness has been mutual, so the Mexicans will forgive us for keeping her as long as we could.

# GLADYS MOZENA

Zanesville, Ohio  
Shepardson Club  
Little an' cute an' clever,  
And most decidedly sweet,  
And a million other attributes  
Which of course we can't repeat.  
Nuf sed.

# LOUISE MUNGER

Piqua, Ohio  
Chi Psi Delta  
"Wee" is an athletic woman—you can just tell by the way she holds her tongue when she swings a golf stick. She can keep her end of the chatter down any day. Information? — See "Wee."

# JOSEPH NELLIS

Massillon, Ohio  
Kappa Sigma  
As a producer of reviews, Joe runs hand and hand with Ziegfeld. Like Flo, Joe knows what he wants and he gets it or knows the reason why. A prominent member of Masquers, Joe has taken parts in many of the club's presentations and has assisted in the production of others.

# MARGARET MONTGOMERY

Granville, Ohio  
Alpha Tau Delta  
"Monty" is a dangerous rival of a well-known movie actress with red hair when it's a question of "that indefinable something." Her snappy eyes and ready wit are a hard combination to resist. In fact she's a Geilful maid.

# E. CLARK MORROW

Granville, Ohio  
Lambda Chi Alpha  
With his bright and shining countenance and neat dressing, he is quite the "man-about-town." Christmas cards and business management jobs are doing their best to make an efficiency expert of him. Frequent turn-overs on his ancient and honorable Ford give him a succession of "new" cars; the next one may be an assembled futuristic creation.

# RUTH MULLEN

Huntington, W. Va.  
Kappa Phi  
"Thank you, Honey." Just another compliment received from a sweet girl. Ruth is well liked by everyone, and you can always depend upon a cheery "Hello" when she passes. Bigger and better week-ends is Ruth's prayer.

# BURTON MUST

Dayton, Ohio  
Phi Delta Theta  
As one of the stauncher of the "Rabbi's" lambs Burt rose to the rank of Cantor in the local synagogue. He saw a sign reading, "The N. C. R. needs YOU," and left us at the semester—a gullible lad, Must. We hope he made as pleasant connections in Dayton as he had achieved with Aunt Emma.

# NORINNE NICHOLS

Bedford, Ohio  
Shepardson Club  
So very quiet and yet when she speaks we are all at attention. Especially if we think that she is going to sing for us. Norinne hasn't told us what she is going to do but we are sure that she will be a success. She finishes well everything that she undertakes.

**RALPH E. PICKETT**  
Moundsville, W. Va.  
*Lambda Chi Alpha*

Goliath is taking Gregory over in the shot-put by getting his three throws at one time, making them consecutive throws, with accumulative adding of distance. His total is greater than Mike's best throw; therein lies Goliath's claim to distinction, notoriety, etc. He is leaving us this year for medical school, after doing a good job in his studying and managing of the track team.

**MARY PRICE**

Rochester, N. Y.  
When we hear horses' hoofs on Broadway, we may safely wager that Mary is off for two hours of her favorite sport. Riding, however, is just one of Mary's interests. Within the walls of Stone Hall we find her studying Sociology, Psychology and Zoology with equal fervor. In a circle of intellectual friends, Mary is an enjoyable conversationalist.

**MIRIAM REEVE**

Wheaton, Ill.  
*Alpha Tau Delta*  
Although "Mir" had a year's handicap in the class of '30 race for the sheepskin, she's making the last lap well up toward the front—and she doesn't seem to have overdone, either. As someone once remarked, Denison has had a very Eddy-fying influence on a certain tall co-ed.

**JOHN RICKETTS**  
Coshocton, Ohio

A. C. C.  
Down from the streets of Coshocton came John and we have never regretted it. For foolish wise-cracks this lad takes a large gold medal. If he didn't do so much intensive work in economics, we would surely be swamped with his ever-flowing satirical sidelights on the world in general and everything in particular. With him, studying is a fine art.

**MARGARET RING**

Conneaut, Ohio  
To once see into her eyes is to know her future, is what they all say of Margaret. She's quiet and studious and demure, but, oh, how her eyes contradict that! They are laughing and gay, and at times rather sad, but for all that, the index to her character—a dreamer of dreams that will come true.

**PAULINE PITTS**  
Alexandria, Ohio  
*Phi Phi Phi*

Every time the grades come out for Pauline the "eyes have it" by a large majority. In her less serious moments when student government duties do not prove too arduous, her snappy piano playing is constantly in demand. An all-around good sport flavored with a gracious personality.

**EDWARD READING**  
Cleveland, Ohio  
*Beta Theta Pi*

Ed is one of these notable Betas who has refrained from growing a beard only because he might be unable to find his face in the darkness. Unlike Samson, even with it shaved off, he hurls the discus mightily. He came here in his second year, and we're sure glad he's stayed.

**STEPHEN RICHARDS**

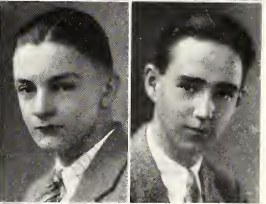

Columbus, Ohio  
*Phi Gamma Delta*  
Steve hangs up his hat in Columbus when he is at home, but when at school editing the Denisonian during the past year he usually wore it. Steve was first manager of football last fall and was the best man that has ever been editor and manager in his junior year. If he wasn't associate editor of this year's Adytum, we might add more!

**MYRON RIEGEL**  
Niles, Ohio  
*Alpha Theta Sigma*

The smallest loud-speakers bring out as much volume as the largest, we suppose, and yet after hearing Mike awhile, we know. Always full of pep or something else (not a breakfast food) and rarin' to go.

**KENNETH ROADARNEL**  
Haskins, Ohio

A. C. C.  
This stalwart son of Haskins left his humble surroundings for the greater advantages of the big city of Granville. Roady is a speedy boy. He of course confines his speed to the cinder path. Not in this connection, we are certain that there is some special reason for his frequent trips home.

**THELMA ROBERTS**  
New Castle, Pa.

Thelma keeps young around King Hall with her cheery smile, and what not. She's a quiet sort of person, but surely no shrinking violet, as the Pi Kaps well know. Although she came here a year late, she has gotten into the swing of things, all right, as that pin she's wearing testifies.

**KENNETH ROBINSON**  
Uhrichsville, Ohio

*Sigma Alpha Epsilon*  
Robbie studies in the afternoon — he makes his A's while the sun shines; because at night — well, that's a different story. Everybody knows Robbie, but he's a man's man, nevertheless.

**BERNARD ROGERS**  
Granville, Ohio

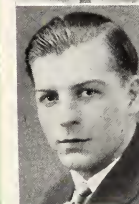

*Kappa Sigma*  
Athletic, studious, journalistic, with more strength of character than Malory's Sir Galahad, Plink fulfills every trait of the ideal college student. In spare time you will find him in the Business Manager's office where he is employed as "Koonie's" right hand man. To know him is to like him, and, what more can be said of any man?

**ELLEN ROHRER**  
Granville, Ohio

*Chi Psi Delta*  
A jack of all trades. She's right there for swimming, tennis, golf, hockey or what have you and does she handle the snappy comebacks? She's no mean clog dancer—she surely stepped it right out in Junior Revue.

**LLOYD RUNKLE**  
Weirton, W. Va.

*A. C. C.*  
Beef spent two years at Broadus College and then he came to Denison to be educated. He has made a place for himself already. We are expecting him to tear things apart for the Big Red next fall in football.

**WILLIAM ROBERTSON**  
East Cleveland, Ohio

*Kappa Sigma*  
Bill came to Denison last year as a Sophomore, having spent his Freshman year at Case. Bill realizes the superiority of Denison and has been one of the most active members of Boosters during the past year. He also put in some good work as business manager of the Junior Revue. We hate to accuse Bill of painting the town clock last Fall, but he is just inventive enough to think of such a thing and big enough to carry it out.

**BOYD ROBUCK**  
West Union, Ohio

*A. C. C.*  
The man who keeps the Club way up at the top in intramurals. Little wonder, too, when he keeps a basketball far over the heads of his opponents. A good boy, too, is Boyd, and we won't mention a thing about a well-known mail order concern.

**SARAH ROGERS**  
Hillsboro, Ohio

*Chi Psi Delta*  
Does Sugar Loaf? Not while Sally's around. She's never Fence-ive because her motto is: "Laugh and the world laughs with you; sneak date, but not alone." A A-end-girl in the Junior Revue, she heeded the advice, "Smile, Sister, smile," and directed at chiefly at the second row.

**REBECCA ROSS**  
Washington, D. C.

*Shepardson Club*  
Beckie hails from the Kentucky mountains from whence cometh her sincerity, frankness, enthusiasm and wit. Her special avocation is making speeches for Oneida Institute, in which art she excels. She has been described by a Freshman as: A Scotch girl with a German accent, talks like a Southerner, studies Greek and plays volley ball. Our sentiments, too.

**ELINOR SAGEBIEL**  
Dayton, Ohio

*Phi Phi Phi*  
"Sage" believes that "variety is the spice of life." Among her various activities we find music, dancing and astronomy by all means. She never could tell which she liked best, long or short hair, until she decided that if she had one short "Bob" she'd have to have a long bob to balance it.

**AGNES SCHNAUFER**

Marietta, Ohio

*Kappa Phi*

Dreamy expressions can't always be accounted for, but we know that Aggie's are not from sleep. She spends most of her time at the Conservatory and she has a very charming voice.

**REGINALD SHEPLEY**

Hamilton, Ont., Canada

This already loyal

Denisonian commuted

down for a year or two

visit with Denison and

Granville. He's already

shown the pros that

when better lessons are

gotten, he'll do them.

It seems that he always

is thinking on some

weighty matter, but

who she is we'll never

guess.

**CLYDE SHUMAKER**

Granville, Ohio

*Lambda Chi Alpha*

He's found that his

experience in debating

together with his efforts

in glee club have been

great aids to him in his

recent extensive out-

door selling campaign.

It is a known fact that

when he comes out of

the fog long enough, he

can display an effective

sale—to help close the

sale, it is said.

**STANTON SMITH**

Amherst, Mass.

*Phi Delta Theta*

Far from Meiklejohn

and Lord Jeff, Stan

seeks companionship

'mid the pet rats in

Barney. He confided to

us once that though

they were practically

human, he did go over

to Beaver once in a

while to listen to that

good old Southern

drawl by way of diver-

sion.

**FRANK STEADMAN**

Granville, Ohio

*Kappa Sigma*

A good man to have

on your side in an ar-

gument, Frank is firm

in his beliefs and not

wanting in brawn to

back them up. Football

netted him a "D" dur-

ing the past season and

he performed on the

basketball squad for

Denison. "There goes

my suppressed desire,"

says Collegiate Carrie,

but will not stay for an

answer.

**ANTOINETTE SHAW**

Lakewood, Ohio

*Alpha Tau Delta*

"Batter up," and

Tony steps up and

knocks a few home

runs. Besides being

athletic, she can do

most anything from be-

ing manager of the W.

A. A. circus to a pleas-

ant companion on one

of those long Sunday

afternoon strolls. Tony

is the perfect combina-

tion of blue eyes and

golden hair, plus an in-

fectuous giggle.

**LUCILLE SHIVELY**

Dayton, Ohio

Lucille has an added

attraction to her college

life. And he is a Gran-

ville visitor nearly

every week-end. Of

course, it's a long time

between Saturdays, but

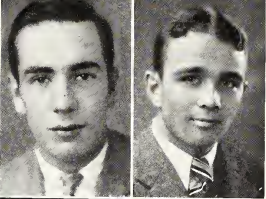

she remains true to her

love. The week-end ac-

tivities do not seem to

interfere with her scho-

lastic standing, either.

**DONALD J. SLACK**

Willard, Ohio

*Lambda Chi Alpha*

Tag may usually be

found tinkering with

either a banjo or an an-

cient relic of the auto-

motive industry. He's

interested in anything

that has a motor at-

tached; tears it apart

to see why it does or

does not run. Electric-

ity, radio, and physics

lab seem to be both his

love and his despair.

**MARIAN STANLEY**

Cleveland, Ohio

Just drop around to

Sawyer Hall any night

about ten o'clock and

meet Marian. She

holds the key to Sawyer

and has countless

friends among both

sexes. Ask any man

among the regular vis-

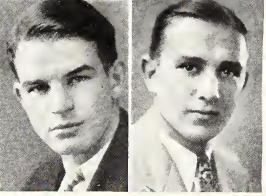

itors and he will vouch

for Marian's good dis-

position. References:

Morrow, Laycock,

Meidy and others.

**CLARENCE STEPHENSON**

King's Mills, Ohio

Steve grew up on a

vacant lot, and he's

been playing baseball

ever since. He's an

awfully serious sort of

fellow to some people,

but the boys who really

know him will vouch

that he's a good fellow,

ready for a session with

the best of 'em.

**GEORGE ASTON  
STEWART**  
Coshocton, Ohio  
A. C. C.

Versatility in mechanics and engineering is undoubtedly Stew's principal forte. But to show us that his qualities as a student are not alone in his capabilities, Stew runs with vigor and skill in the half-mile. We give him the blue ribbon for being as helpful to others as a busy man can possibly be.

**BERTHA STOUT**  
Clarksburg, W. Va.  
*Chi Omega*

That mass of golden curly hair would be recognized at any time and place. In Bert we find a real big sister, always consoling and cheering. Athletics complete her enviable scholastic record. As archery champion, she is giving Cupid a tough run, for we've found her the ideal hall girl.

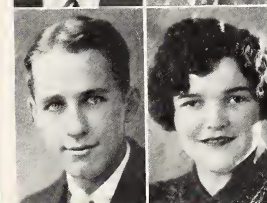

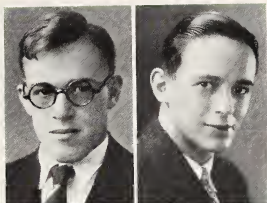

**WILLARD THUMA**  
Jamestown, Ohio  
*Phi Delta Theta*  
"Bunny" learned to blow the horn when he was a member of the Cedarville Fire Department. He can now play "Mae" and "Phi Phi Phi Forever." He's in the band, in the orchestra, in the Glee Club, and in love, all of which take the ability to harmonize.

**PAUL TROUP**  
Dayton, Ohio  
*Pi Kappa Epsilon*

If you'd like to know the reason for all the noise over at the Pi Kap house, we'll make you guess: Paul Troup has just sprung another of his jokes. He's a boy who keeps up a continuous line of wet wise cracks—he never runs dry.

**DONALD VAN VALEN**  
Downers Grove, Ill.  
A. C. C.

When Van left "Downers" for a college education, his chief claim to distinction was playing football against Red Grange in high school, but on the campus he gets there in anything he tries—publications, masquerades, YMCA, glee club, or as a steady performer on the track. He's a faithful member of the Beaver Hall cohorts, too.

**EDWIN STOLLATIS**  
Erie, Pa.  
A. C. C.

The soft sweet tones from Eddie's trombone would surely soothe the savage beast. We wonder if he uses the same tactics in taming the fair sex, for he exhibits a bit of skill in that art also. Eddie hopes some day to be a big doctor, and we feel that he is doomed to be just that.

**ALMORE TESCHKE**  
Elgin, Ill.  
A. C. C.

Oscar tells us that he hails from Elgin, but in that fair city of watches and asylums they say he comes from Denison. So be it. Os holds up the catching end of the baseball battery and has instilled fear into many an opposing batsman. Somebody once saw Oscar when he had no inclination to smile, but that was the time his Ford fell apart.

**MARTHA TOM**  
Toledo, Ohio

Tom, the snappy blonde, from King Hall. As the efficient Hall President, she shines as the giver of "noisy" points, chief fire marshal, and guardian of the fire escape. Nevertheless, Martha is well liked by her friends, both in King and on Campus. Rapid-fire talk is her specialty.

**REX VAN COURT**  
Wickliffe, Ohio  
A. C. C.

Rex goes in for track and yet with all of his speed he finds time to get about and preach a bit for practice. He also is a literary man, and does his bit in putting Franco-Calliopean up at the top.

**GLADYS WAGNER**  
Marietta, Ohio

As a student her freshman year, Gladys made her debut in the realm of "A-dom." She's the kind of girl one learns to love on deeper acquaintance. Luck to you, Gladys! We hope to have you back again, sometime.

**JUDSON WALKER**  
Walworth, New York  
A. C. C.

Jud is one who surprised the hills of Licking County and came back from New York to finish his collegiate career. Claiming the fair village of Granville as his birthplace, he lost no time in establishing himself firmly, once more. We don't know what Jud is studying for, but his toiling tendencies will most certainly place him on top.

**FRANCIS WEAVER**  
Greely, Ohio  
Chi Omega

Fran works herself untiringly in everything she tries. Masquers couldn't possibly do without her aid in supplying the stage with the essential properties, and the Junior Revue owes her a big debt as official costumer. Fran's mighty popular around the place, everywhere, in fact.

**CHARLOTTE WEEKS**  
Marietta, Ohio

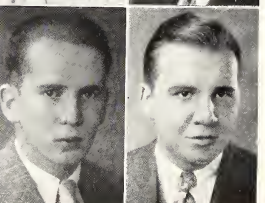

Charlotte stands above us all in life and in ambition. She studies hard and to her classes makes worthy contributions. She talks little about herself, but we know just the same, that in the future, far or near, life will deal to her a fair share of fame.

**MARGARET WIATT**  
Granville, Ohio  
Kappa Phi

Peg, the girl who is always there when you need a friend. And those sympathetic brown eyes! Well! Peg's gone to India to spread the Denison spirit. The class of '30 loses a loyal and brilliant supporter in her. She might have been another "all-around" Phi Bete, but the lure of the Tropics was too great. The best to you, old girl!

**KIRK WINDLE**  
Newark, Ohio  
Sigma Chi

Pinkie is the Sig salesman for all brands of hair restorers and shampoos. His pet weaknesses are Political Science and picture show starring Rin-Tin-Tin. As a charter member of the Royal Bengal Bicycle club, he has done much to make this organization one of the liveliest in Granville and vicinity. Pinkie is the only confirmed bachelor in the Sigma Chi chapter.

**GEORGE WARREN**  
Jamestown, N. Y.

*Phi Gamma Delta*  
George can tickle the ivories with the best of them. He plays popular, classical, and even square-dance music. That he is literary can be readily seen when one learns that he is president of the literary club. Masquers has always been one of his pet hobbies and he has taken active part in many plays. Sunday evenings always finds George busy at meetings of the Y. M. C. A. to which he has been elected vice-president for the coming year.

**JOHN WEAVER**  
Cincinnati, Ohio

*Sigma Alpha Epsilon*  
John leans to the journalistic side of life, having been associate editor of the Denisonian during the past year. John is also on the Flamingo staff and is vice-president of Pi Delta Epsilon. He hails from Cincinnati and is now seriously considering buying the "Enquirer." John is another of our quiet, retiring young men but the more one knows him the more friendly he becomes.

**GEORGE WETZEL**  
Dayton, Ohio

*Phi Delta Theta*  
Heartbroken at the departure of his greatest friend and severest critic, George left school at mid-semester to work for the State. 'Twas the consummation of a love for service and Rita. Alas! The hall-room boys are no more. Their quick feet and quicker tongues have, by leaving, turned the Phi Delta house into a sepulchre.

**WILLIAM WILEY**  
Cambridge, Ohio  
Sigma Chi

During his three years at Denison "Wee" has made a place for himself in athletics. He has played a consistent game at tackle on the varsity football team for two years. Last fall he was named on a mythical "All Buckeye" team. Besides this, "Wee" finds time to sell soap and to visit the "City of Sin" several evenings a week.

**HAROLD WOODBURY**  
Hillsville, Pa.

A. C. C.  
Through his willingness to tackle a job, Woody has won himself many friends on the campus. He put forth the last "D" book, has been constantly active in the Y, and may always be depended upon to do more than his share. Woody's pseudo-salmon-colored, bell-bearing chariot is indispensable at pep meetings, too.

**MARK WINCHESTER**  
Toledo, Ohio

*Sigma Chi*

This capable person may be rather short in stature but his personality takes him a long way. There is no use trying to keep this fellow in the background, for he stands out with his brilliance in debating, political science, and social campaigns. A Phi Beta key and graduation in June take him from the ranks of 30.

**EVERETT ZURN**

Erie, Pa.

*Phi Delta Theta*

"Boots" gets his looks, and manners from an old French family which founded Erie and the plumbing industry. He likes his women weak, his coffee straight, and his hair curly. He was campused once and he was so lonesome that he studied. Ev figures that he has pushed the trombone slide exactly sixty-three and one-half miles.

**ROBERT BLISS**

Lakewood, Ohio

*Phi Delta Theta*

Ever since Whitney snowshoed his way to that British Columbia schoolhouse, he has been fighting for his education. He came to school with twelve dollars and now has eleven-ninety, a Ford, and a host of friends. From the Wigwam the Judge will go either to the hotel business or Siam.

**MIRIAM DULING**

Charleston, W. Va.

*Kappa Phi*

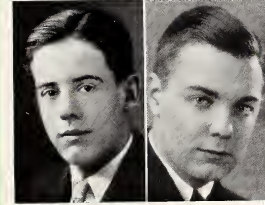

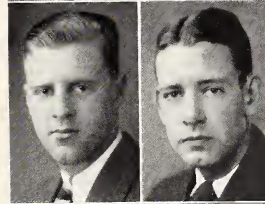

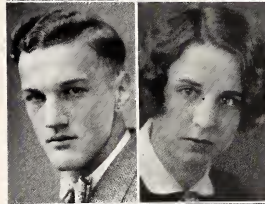

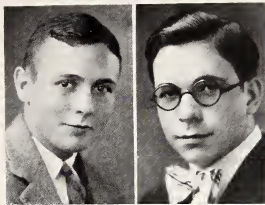

Miriam is a bit of the South, transplanted up North, and still she retains her Southern accent. She uses all her spare time riding horseback, dancing, and playing golf. "Yas, suh, she's all right!"

**ROBERT HOFFHINES**

Columbus, Ohio

*Sigma Alpha Epsilon*

One of the big bad boys from Columbus, as they are recorded in the office. And Bob makes the most of his chances according to the Columbus police daily bulletin. If French suddenly became the national tongue over here Bob would be asking for caviar before the rest of us had even learned how to ask for bread. Seriously speaking, we might add that Bob is the sort that everyone likes for a friend.

**HERMON  
WOODWORTH**  
Cleveland, Ohio

*A. C. C.*

A studious chemist with literary proclivities is this Woody. He hails from Cleveland, that city of high hills and excellent coffee. The education department causes Woody considerable bother, he says, but we are assured that it is no more trouble than he will give to the budding students, who will later come under his guidance.

**BETTY BLANKE**

Lakewood, Ohio

*Phi Phi Phi*

Betty's activities and accomplishments are varied and many. As a tennis player, golf fan, and tap dancer she is hard to beat. She steps high, as was demonstrated in Junior Revue. She put the "kick" into it, all right!

**JOHN CHARLES BUTZ**

Gallipoli's, Ohio

*Phi Delta Theta*

From Gallipoli's on the beautiful Ohio came two famous men—O. O. McIntyre and Charlie. At times our boy seems Nve unto death but a few holes of golf puts him in shape for another trip to Beaver or Newark (depending upon the time of the week).

**JOSEPH SNYDER**

Dayton, Ohio

*Pi Kappa Epsilon*

Hail! The D man! Joe is a good sport who goes in for good spots, baseball being his strongest entry. Besides, he's president of his group next year, so the cares of this man's school will rest heavy on Joe's shoulders next year.

**JAMES YOUNG**

Granville, Ohio

*Hoot Mon!*

Jimmy came over-r-r-r here from Glasgow, and has been living in style at the Inn ever since. These immigrants have all the luck! He's always making whoopee somewhere, being no theologian. A laugh a day is Jimmy's ration, but he sometimes goes in for a few more that he doesn't count.

## Class of 1931

THE Class of '31 prides itself in being the best centennial class that has ever entered Denison. Jests aside, though, the Sophs have proved pathetically potent in activities so far. They can't boast of the best Junior Revue that ever hit Denison or the proverbial "hottest Adytum ever," until next year, but they can cite the facts that a number of sophomore men helped the varsity teams to win games this year and that their girls are much sought after by the men of all other classes. Incidentally, the sophomore men staged a mean "bean and hot dog" football banquet just after Christmas vacation.

### Sophomore Class Customs

Sophomores wear streamers ten inches long, in the class colors, during the first ten days of May, cutting off one inch each day.

Sophomore men take charge of the Football Banquet.

Sophomore women attend scrap day in a body on hay wagons.

Sophomore girls plan "Freshman Day," when Frosh girls are required to carry out all Sophomore orders and show profound respect for their directors.

## Class of 1932

THIS year's freshman class hasn't proved a disappointment to Denison in any way. It boasts of many of the fairest damsels on the campus and has not a few mighty athletes who will help the varsity out a lot next year. The frosh tied the strong sophomore class for Scrap Day honors. Their sole social activity consisted of a party given in Cleveland Hall.

## Freshman Class Customs

Freshmen show respect at all times to upper classmen.

Freshmen learn all college songs and yells.

Freshman attend their class meetings and yell practices.

Freshmen collect wood for bonfires for all pep meetings.

Freshmen wear Frosh caps with buttons, which may be removed if they win Scrap Day. The caps may be discarded if the class outpoints the Sophomores on Field Day in the Spring.

Freshman football men sell programs at all Varsity football games.

# ATHLETICS

## Men's Athletics

CLEVELAND HALL—MEN'S GYM

WALTER J. LIVINGSTON

*Director of Athletics*

In the person of Walter J. Livingston, Denison has one of the best coaches in Ohio. "Livy" surrendered his position as football coach in order to devote his time to regulating the numerous activities of the athletic department. His untiring efforts on the coaching department of basketball and track and his faithful loyalty to the school will long be remembered by those who leave this institution. Livy's reputation in the sports world is indisputable and the respect for his athletic work has brought him in high position on the B. A. A. board. Livy is recognized as the best authority on sports in Ohio and he has done much to give Denison its high place in the field. His basketball teams have with one exception been consistently high competitors for the B. A. A. champ positions. He has outlined a varsity and intramural program of sport activities at Denison that has already shown results.

# The Coaching Staff

## SIDNEY JENKINS

In former years Sid Jenkins taught and coached Freshmen sports but with the introduction of the new intramural system at Denison, Sid has given his entire time to that and the teaching of gym classes. Sid has been the leading spirit in the intramural work and his work in that department has put Denison non-intercollegiate sports on a par with the best schools in the country. His clean sportsmanship program instilled in the sub-varsity sport fields has born fruit in the high standards of ideals and character found on the Denison campus. Sid has won a place many times over in the hearts of the students of Granville College who have been in his classes or with him on the intramural fields and floor. In the past many minor sports, such as wrestling and tumbling, have come under his jurisdiction and here again can be noticed those principles of hard, clean play that dominate his work.

## EDSON RUPP

Starting his first year at Denison as varsity football coach, Edson "Babe" Rupp turned out a B. A. A. contending team of no mean ability. Utilizing the best points of the new system worked out last year with but average material against some of the strongest teams the B. A. A. has turned out for several years was a problem but Rupp solved the problem with the support of the enthusiastic student body. Formerly an all-Ohio player himself, Rupp realized the players' difficulties as well as his own and working with the men on the field brought the splendid spirit of cooperation that continued through the season. Last Spring his baseball team had bad luck through every game. Close scores predominated and the early showing of the team on the diamond this year has already made up for the bad showing last spring.

## THOMAS ROGERS

"Tommy" Rogers is assistant coach and freshman coach of several major sports. He received his early training under "Livy," as did Rupp and Jenkins, and the principles instilled by Denison's director of athletics are taught by Tommy in varsity work. His work at coaching the freshmen basketball team this year is particularly notable for he developed a fast working team of veteran strength that several times toppled the varsity. Rogers was an all-Ohio halfback while in school and his experience during his undergraduate career stands him in good stead now. Tommy is one of the best liked "Profs" on the hill and to him goes the credit for a renewal of student interest in the athletic department.

# The Board of Control of Athletics

Faculty Members: Prof. H. L. Jome, Prof. C. D. Coons, Prof. E. J. Shumaker

Student Members: Mitchell Gregory, Andrew Kistemaker

The purpose of the Board of Control of Athletics is the regulation of all matters relating to competitive athletics. It also exercises final judgment in matters pertaining to finances for the teams, athletic equipment and its upkeep, enforces the eligibility rules governing players, approves the awarding of letters in both the major and the minor sports and the appointment of captains and student managers.

The Board of Control is not in charge of the Physical Education Department, nor of intramurals, although it finances the latter. However, its power is far-reaching in Denison sports and it is largely through the efforts of it that our athletics are on such a high plane and so well regulated.

E. J. SHUMAKER

C. D. COONS  
Pres. B. A. A.

H. L. JOME

## The Boosters

**F**OREMOST in promoting Denison's interests is the Boosters' Club. This organization was founded a few years ago to take care of publicity not covered by the Athletic Association or the publicity department. It is comprised of representatives from each of the men's social groups. During the past year Wilbur Lewis served as president. Arthur Cory was secretary, and Abram Flory treasurer.

Through the Boosters' efforts Broadway displayed banners, pennants and slogans in white-wash on Saturday mornings preceding home football games. They sponsored the sale of red-and-white banners to merchants and social groups and gave a benefit movie in the fall.

The Boosters take an active part in advertising Denison's merits to prospective students by arranging for sub-freshman day, when high school seniors are invited to inspect Denison at first hand and see the school in operation. They send letters to the prospective Denisonians, arrange for a luncheon for the sub-frosh, and promote an "open house" night at the various fraternity houses, along with other features.

The organization is made up of men who are interested in aiding Denison scholastically as well as promoting an interest in athletics and school spirit.

Lewis, Reading, Richards, Robertson, McConnel, Morrow  
Russell, Barkell, Cory, VanValen, Posegate, Flory

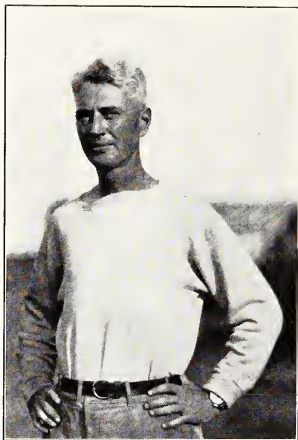

DEEDS FIELD

# Football

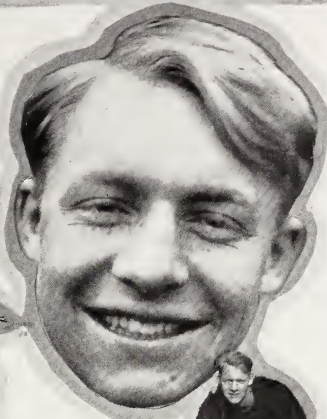

EDSON C. RUPP

"Babe" Rupp is the head varsity man on "Livy's" coaching staff. Receiving his early training in Denison, Rupp tried coaching prep school and high school sport teams as well as trying a hand at the Math teaching game. Now back in the fold of his Alma Mater, "Babe" Rupp in his first year of coaching at Denison has made a record for himself and his teams. The football team was one of the best in years and the baseball team last year was a good team flooded with green material. The prospect for this spring was of the best and the Big Red diamond dusters have bettered their previous record considerably. Only three games were lost on the gridiron under "Babe's" efficient tutelage.

**OWENS**

**KISTEMAKER**

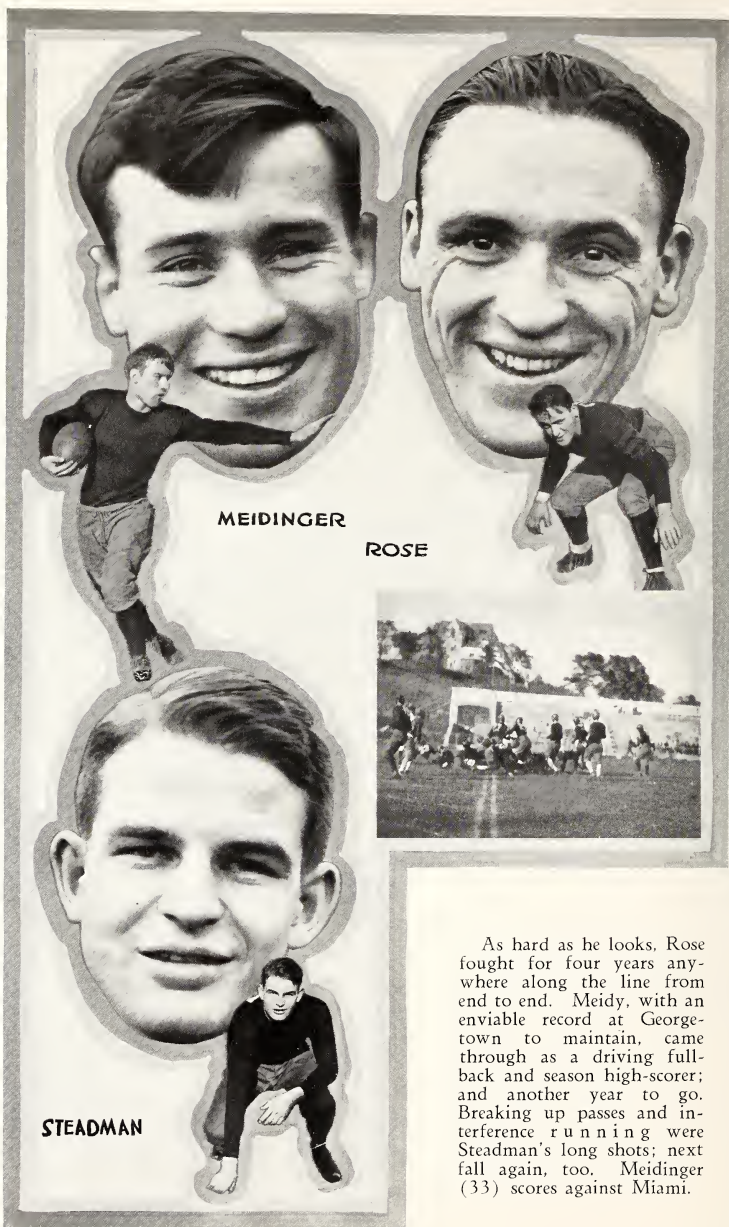

**OTTO**

"Burr" Owens, square-angled sensation, "called 'em" as field general in the huddle, and played super-ball. Kiste, with four years of service, was the old Stone Wall himself. Otto smiles on even with a broken leg memory of our idea of a splendid season. Burr takes the ball out of bounds at the line against Miami.

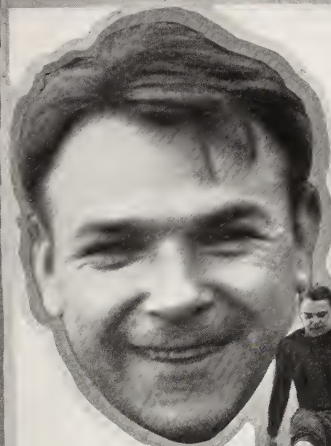

MEIDINGER

ROSE

STEADMAN

As hard as he looks, Rose fought for four years anywhere along the line from end to end. Meidy, with an enviable record at Georgetown to maintain, came through as a driving full-back and season high-scorer; and another year to go. Breaking up passes and interference running were Steadman's long shots; next fall again, too. Meidinger (33) scores against Miami.

**GREGORY**

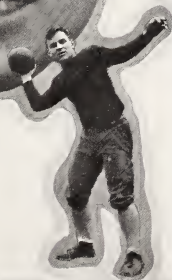

**PENCE**

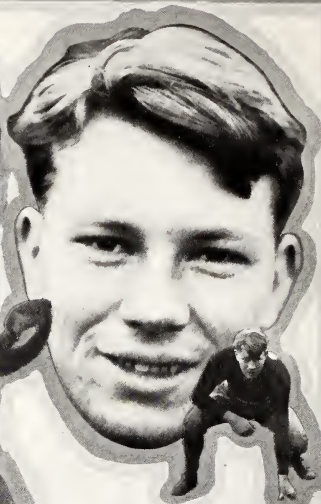

**GEIL**

Two-year captain, Gregory came through again with All-Ohio and All-Buckeye guard positions. Pence saw service in only half the games but came out second in the season's scoring. Geil, only Sophomore letterman, will toss 'em again next year and make way for the ball-toters. Gregory puts it between the uprights.

MASON

RUSSEL

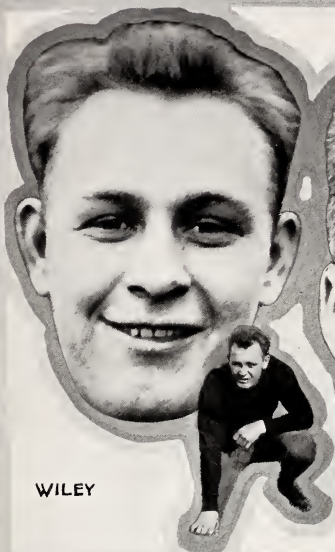

LEWIS

Russel was the terror of Big Red opponents for he treated 'em rough, laughed at 'em, and made 'em like it. Combining the running broad jump and high dive, Mason was good for those needed first downs. Placing it where it was wanted was Toddy's job; his aim was good, too. Stubbs scores against Wittenberg in his last home game, making the first touchdown of his college career.

WILEY

SCHALLER

STUBBS

Wiley, playing the game for all that was in it, was perhaps the most feared man on the line; and he'll repeat next fall. Schaller sunk Miami in three short minutes with two touchdowns that will go down in history. No smiles but lots of fight per pound in Stubbs, and a 105 yard run against Ohio which brought national fame. Meidinger attempts to crash through Miami's wall, while Schaller pulls, and Rose (40) looks on.

## Varsity Football Season

STEPHEN RICHARDS

*Manager*

blocked a punt and fell on the oval over the line.

Then Wittenberg proved that it still held a jinx over Denison's grid aspirations by trimming the Big Red 16-6. Denison scored the first count of the battle when Stubbs went over the line in the first period after Owens had snagged a pass for a 60 yard gain.

Denison won its last contest of the season by maintaining a 14-year-old jinx over Cincinnati by a 9-0 victory at Cincinnati. Pence made a beautiful 30-yard run for a touchdown, Captain Gregory adding three points immediately afterward by booting a 25-yard placement.

After playing Ohio to a 13-13 tie in the season's lid closer at Athens in three periods of play, Denison lost out in the final set-to, 27-13. The Big Red was too crippled to sustain the spirited dashes of the Athenian backs off tackle. Stubbs closed his career as a wearer of the Maroon by running 102 yards for a touchdown on the kickoff. Meidinger gained over 60 yards on line slashes to score six points single handed.

Coach Edson Rupp's first season as coach of the Big Red football team resulted in the most successful year that Denison has experienced on the gridiron since 1922. Out of a tough schedule of eight games, only three were lost and only in those three was Denison scored upon.

In the Buckeye Association Denison placed third in a tie with Ohio, Wesleyan and Wittenberg tying for first.

In the first contest of the fall Rio Grande was humbled by a 15 to 0 count. Lambert Meidinger accounted for the two Big Red touchdowns while Kistemaker blocked and recovered a punt for a safety.

Denison's best claim to fame came in the Homecoming game when Miami, a team which later defeated Wittenberg and Ohio (two teams to which the Big Red lost), was defeated by a 21 to 0 score. The game was featured by the playing of Paul Schaller, who scooped a blocked punt and intercepted a forward pass to run for two touchdowns in the first three minutes of play. In the same period Meidinger gathered Denison's final touchdown after a series of line plays and a forward pass had taken the ball to the five-yard strip.

Denison next upset a Muskingum Homecoming with a 7 to 0 triumph, the first loss that the Muskies had suffered on their home stadium since it was opened four years previously, Meidinger making the only touchdown of the day.

Then the team, crippled by injuries, journeyed to Delaware as the guest at Wesleyan's Homecoming. The Bishops won the conflict, 11 to 0, but were given one of the biggest scares of the season. All the breaks of the day went against the Big Red and lack of capable reserves was again apparent. After Wesleyan had taken a 3-0 lead, Denison threatened to win the game late in the third session when a 52 yard run by Harold Stubbs placed the ball in the shadow of the goal posts.

Against Ohio Northern Denison amassed the largest score of the year, winning 32-0. Two long forward passes, Stubbs to Pence, resulted in two markers while Philbrick plunged his way to two more. Kistemaker credited himself with another when he

## Frosh Football Squad

Under the excellent tutelage of Coach Livingston and assistant Denver Young, the Freshman football team gave the varsity the competition necessary for good practice. Learning and playing the varsity opponents' plays and system and then turning loose on the Big Reds to give them a taste of what they can expect against the next team. It is no exaggeration to say that the squad of Frosh has the most likely looking varsity material turned out in recent years. Captain Rimes played in the backfield at quarter and he was one of the best ground gainers against the varsity. Glen Rehfus was the outstanding man on the team with Don Ludwig running a close second at a tackle position. "Dick" Sauer did duty at several positions and was a general utility man of the first degree. The team was the heaviest and fleetest team that has represented a freshman class in several years. Lloyd Runkle, Francis Thompson, William Laycock, and Gene Schad were weight men. Henry Shoeffle, Mortimer Dean, Harry Shank, James Wright, Robert Edwards, Gene Wolfe, Fred Marsh, Charles Kilger, George Boyd, Harold Johnson, Earl Rupe, and Thomas Gabele played well at their respective positions.

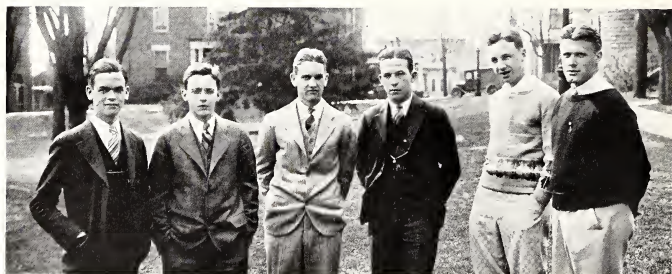

## The Trainers

A group of a dozen trainers under the supervision of their respective managers made up a group which deserve especial attention and praise. Each man has been trained in the rudiments of dressing wounds, cuts, sprains and the like. They are one of the most efficient squads on the campus.

A new training system was inaugurated this year in which an upperclass manager with an underclass training staff was featured for each of the five major sports. Courses of training were offered as requisites for aspirants.

Classifying the men according to their duties there were the following managers: Steve Richards, football; Henry Gleiss, cross country; John Gibson, basketball; Uel Dibble, baseball, and Ralph Pickett, track. The training staff included Mac Thompson, Edwin Stollatis, George Roderick, Oliver Robertson, Walt Wiley, Lawrence Ward, Woodford Ringo, Ray Montgomery, Pat Opperman, Gerald Burrer, George Faris and Art Cheney.

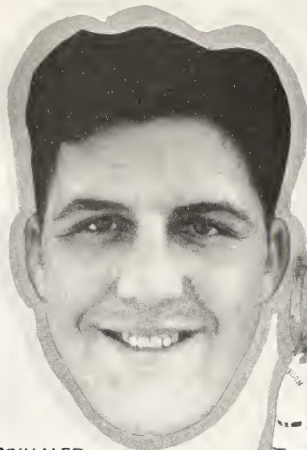

Robertson, Stollatis, Faris, Ringo, Wiley, Dibble

# basketball

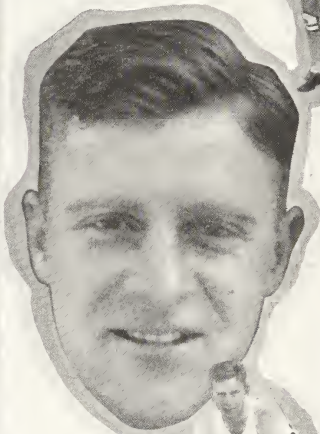

**SCHALLER**

**HOMBERGER**

**BLISS**

Homberger, completing four years on the Wigwam court, finished his career leading the Big Red in scoring and playing a consistent floor game. Schaller showed more improvement in his last year than any of Livy's men, with superb guarding, jumping and a bucket or two a game for recreation. With a none too good start, Bliss finally came through in his old style to sink 'em from all angles and put the team up near the top.

ENGLISH

OXLEY

WALKER

McCONNELL

English lived up to his hawk-eye reputation, what with dead shots when most needed—another career of excellent work. With many a freak shot yet accurate withal, Oxley came through among the scoring leaders. Some fast runner, this boy Walker; and his first year on the varsity proved him a consistently good guard with a keen eye for the bucket. Basketball has been Jack's big game since Dayton days, and as one of two Sophomore lettermen he came through in good form.

# The Varsity Basketball Squad

Much of the success of a basketball team can be attributed to the reserves, who fight it out with the varsity every evening of the week in order to groom it for a coming encounter.

Livy had a capable squad of these men this season, and their excellent work with the regulars is worthy of high praise. Their business was to endeavor to fathom varsity offensive plays and to originate methods of testing the varsity's defensive play.

To men who will practice strenuously each night without any possibility of earning a letter, no praise commendable enough can really be offered.

Among the members of the squad who did not win letters were: Geil, Flory, Steadman and Gleiss. "Burr" Owens, captain of last season's court representatives, appeared in uniform on several occasions, but was unable to perform much service because of the injury to his knee which he suffered in the Cincinnati football game, and which handicapped him too much to work consistently.

Russell Geil is only a sophomore and the season'ng he received from this year's practices will stand him in good stead for next. Abram Flory was the most aggressive player on the team, and his fighting spirit will probably be welcomed next winter by Livy. Frank Steadman, by his height, has proved himself a valuable asset to any squad as a back guard or center. Henry Gleiss displayed some excellent work at forward this year, and when the call is given next year, Dutch will be expected to be present.

The fact that four regulars graduate this June, the experience which the reserves gained will prove a valuable asset to them in working out for the varsity in 1930.

Back Row: Gibson, Mgr., Oxley, Schaller, McConnell  
Middle: English, Owens, Steadman, Gleiss, Warren, Asst. Mgr., Livingston, Coach  
Back: Flory, Homberger, Bliss, Walker, Geil

## The Freshman Squad

It is true that successful teams are produced by strong material and good coaching but to get strong material requires practice and drill and Denison has had the good coaching. The Freshman squad is the Denison varsity of the future and into the freshman squad coaching goes the establishment of new system of playing and change of style. In the year of play the squad did much to acquire those principles of play that mark Denison varsity playing.

"Tommy" Rogers coached the team into a veteran scrapping force that upset the varsity team several times. Captain Raymond Scott was the mainstay of the team, playing a center position with ease. John Merkle, Earl Rupe, Perry Bliss, Don Rossiter, Richard Sauer and Richard Blackburn were the members of the final squad and to these goes much of the credit for keeping the varsity team in shape.

The importance of sub-varsity training can not be over-emphasized. The first year of athletic training in college determines the method and system through the rest of the course and the 1928-29 frosh squad soon learned the Denison methods of play, hard play and clean sportsmanship. The splendid spirit of cooperation that existed between the coach and the team did much to make the work pleasant and the results lasting. Excellent varsity material is already evident in the ranks of the class of '32 basketball team.

Sauer, Bliss, Rossiter, Scott, Capt., Merkle, Rupe, Blackburn

# 1928-29 Basketball Review

JOHN GIBSON  
*Manager*

a minute to play. Then Captain gave victory to his team.

A complete reversal of form was shown by Denison in the next contest with Wesleyan at Delaware. The team was never able to get started and the Bishops scored at will to win, 38 to 27. At one time the Methodists held a 19-2 advantage.

In the next week Denison bettered its Buckeye standing by coping verdicts over Wittenberg and Ohio. The former tilt was exciting from start to finish and Denison showed the best teamwork of the season in skillful handling of the ball. The last few minutes of play were breath taking. Denison grabbed a 23 to 17 lead in the first minutes of the second half only to see Joe Keyser and his mates quickly erase it with a barrage of points. George Oxley's free throw in the last moment decided the winner by a lone point margin, 32-31. The Big Red had little trouble in disposing of Ohio, 36 to 23. At the half Denison held a 19 to 13 margin and were never threatened from that point.

In a non-conference engagement at Dayton, the Dayton Fliers were disposed of, 28 to 20, by the Baptist cagers. The game was close until the last five minutes when Denison edged away to win.

Cincinnati annexed its second victory over the Big Red at the Queen City when it scored 37 points to Denison's 33 after the latter had held the lead throughout the entire game until the last minute. At one time Denison led, 20 to 9, this in the first half, and again 32-22 in the second. Then the brilliant passwork and shooting which it had shown came to an end and the players from Granville seemed to be dead on their feet. Cincy tied the score and then Franz sank a long try and then forged ahead on another bucket by the same person. Denison lost the Buckeye championship in that never-to-be forgotten game.

In a return game with the University of Dayton, Denison lost 24 to 31 in an exhibition which was the poorest the Redskins executed during the winter.

Miami was then defeated for the second time, on this occasion by a 46 to 33 score. Denison took a big lead and was never endangered. Bliss led the scoring with the large total of 16 points.

Denison lost out in the last minute of play to Wesleyan in the crucial game of the season on the local floor, 31 to 29. The Big Red were on the long end of the score until Schaller and Homberger were sent from the game on personals. Then the morale of the team was broken and Fannie Thomas won the tilt for the Bishops when he sank a side shot in the final minute.

In the last game of the season Denison defeated Ohio U. easily by a 28 to 26 count. Both teams played raggedly, but the decision was never in doubt. George Oxley, Paul Homberger, Paul Schaller and Horace English participated in their last game of the season.

Denison's 1928-29 basketball team set up the best record in that sport that a Big Red squad has in two years, finishing in second place in the Buckeye Athletic Association. Only four games were lost to Buckeye schools and these were dropped in the closing minutes of the tilt after the locals had piled up a big lead in the first half and the middle part of the second session. Cincinnati and Wesleyan, who finished in a tie for first place, accounted for all of the defeats.

Paul Homberger, forward, was the leading scorer on the team while Whitie Bliss was second. The team had no captain, Coach Livingston appointing one to act in that capacity before each contest. George Oxley played a brilliant game all season, but was unable to participate in some of the crucial games because of an injury to his shoulder. Consequently Denison suffered greatly.

In the opening game of the season Denison bested Wittenberg at Springfield by the close score of 15 to 13, the decision coming in an overtime period. The battle was probably one of the queerest in court history inasmuch as Wittenberg stalled for 27 minutes out of the 40-minute playing period. The Lutherans started to freeze the ball after the first six minutes of play when they possessed a 5 to 2 lead. Their purpose was to suck Denison out of its shifting defense. This stalling continued until the last seven minutes when the Big Red adapted a man-to-man formation. Then the game was fast and furious and Denison tied the score just before the crack of the gun. In the extra session, the Big Red spurred ahead to win.

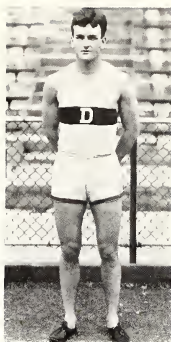

Miami was the second team to feel the sting of a Denison team, losing to the Baptists in the Wigwam by a 48 to 39 count. The Big Red displayed its best offensive work of the season in this fracas, leading all the way. In the closing minutes "Livy" inserted all of his second string men.

Denison lost its first game of the season to Cincinnati by a two-point margin, 25-27. The Bearcats led at the half by a 11-10 score and then assumed a 25 to 16 advantage. Then the local basketballers staged a great comeback to tie the tally at 25 all with Earley slipped through Denison's defense to loop a side shot which

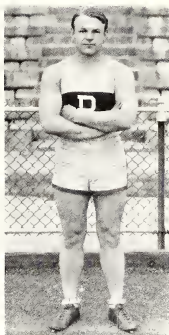

track

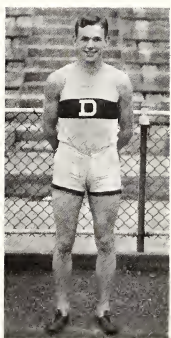

GILBERT BARTH was the best short sprint man on the Big Red team. He also worked on the relay and was one of the fastest men in school. With the loss of Heinrichs the year before Barth had to carry the main brunt of the dash work. Doubling in the longer dashes, as it was necessary that he should, "Boscoe" was one of the leaders in individual scoring. Barth captained the team through the trying season and his cooperation did much for the morale of the thin-clad lads.

MIKE GREGORY was the main strength of the track team in the season. After capturing most of the shot put records Gregory was branching out into the javelin and discus throws when the season drew to a close. Mike was high scorer for the season and was one first place man that could always be depended on for five points or more. He has one more year to establish more records and to break some of his own old ones. His fine spirit of team play and cooperation won for him the captaincy of the '29 season.

EMERSON OWEN won his letter on the long dash events and accounted for a good many points in the 220 and 440 of the long dashes. "Doc" also did work on the relay team but late in the season worked out exclusively in the middle distances. He ran in some of the heats in the dual and conference meets. More than the average competition was evidenced in the meets by "Doc."

NELSON GRUBE was short in stature and did not have so much to carry around as some of the boys. He was able to pick himself up and over for quite a ways in the broad jump. "Nellie" and Rogers usually could be depended on for a first and second in this event. The first, second, third places he collected gave more than enough for a letter.

GILBERT WHITE paired with George in the high jump section and collected his points at dual and triangular meets. This season the conference was particularly crowded with good high jumpers and "Red" had more than his share of competition. This year's squad will miss his sterling activities in the bar and pit event, as he left the campus at the close of school.

JOE ROSE had too much competition in the form of Gregory to garner many first places but his average of second and third positions was as good as Mike's. His shot putting was his main spectacle although he tried his hand quite capably at other divisions of the weights. Joe has another year with the varsity and gives promise of guaranteeing Denison a place in the shot at every meet.

KENNETH ROADARMEL was the best addition to the team in the sophomore class in the distance events. He ran the mile and two mile with ease and collected his points in dual meets. His best time was in the mile although at times he has run better in the two mile. Two more seasons should reduce his time to near record counting in both events. Several sophomores excelled in the distance but "Roady" out-ran them all.

BERNARD ROGERS spent his first year on the varsity in both the broad jump and sprints, later trying out on the hurdles. "Plink" will be the only jumper back next year and he concentrated on this sport most. His time in the sprints and hurdles was good and he collected a few points via the cinders. In the middle distance "Plink" did as well as most of the boys.

#### TRACK SCHEDULE

May 1—Denison (12), Wooster (48).

May 5—Denison (54), Cincinnati (77).

May 12—Ohio Wesleyan, first; Denison, second; Muskingum, third; Ohio University, fourth.

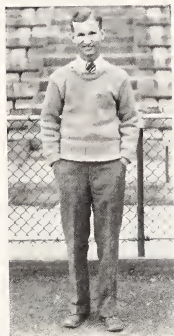

May 19—B. A. A. Meet; Denison, third.

May 26—Ohio Conference Meet; Denison, seventh.

MADISON GEORGE performed in both the high and broad jumps. Only a sophomore, he gives promise of a good point collector for the next two seasons. He gained his letter in the high jump, one of the sports in which the team was particularly weak. He accredited himself with more than enough points for a letter in the high jump and did better than the average in the broad jump.

GEORGE HOWARD did duty as student manager of track. He performed his duties faithfully and none complained of the care he took of the team on trips and at home. Three years' work is in back of George and his advancement from trainer to the track manager came as reward for faithful service through those years.

Mike Sets a New Record  
44 feet, 2  $\frac{5}{8}$  inches

# The Track Season

Of all the Denison teams in spring sport competition in 1928, Denison's track team fared the least disastrously of any. Although not a single meet was won, the team showed real ability in taking third place in the Buckeye Association classic, second in the quadrangular meet with Wesleyan, Ohio and Muskingum, and seventh in the Big Six event at Wooster.

Captain Barth, sprinter, shared honors with Nelson Grube, sprinter and broad jumper, for point gathering during the season. At Wooster in a dual meet, the latter broke the college record in the broad jump by leaping 22 feet, 9 inches.

Denison started the season when Mike Gregory placed fifth in the Ohio Relays at Columbus. The second match of the season was with Wooster at Wooster and that school ran away with the Big Red, 82½ to 42½.

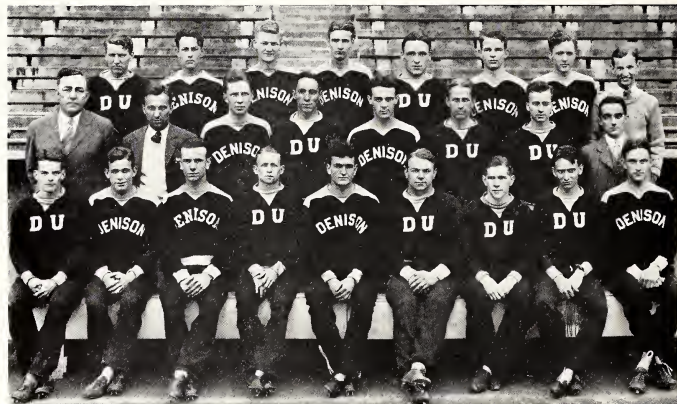

The next meet was held on Deeds Field with Cincinnati as the opponent. The Bearcats won by a 77 to 34 margin. Barth featured for the locals by taking two firsts, while Vreeland was the big cog in Cincinnati's team, taking two initial places also.

In the quadrangular meet the following week with Wesleyan, Ohio and Muskingum, Denison copped second place with 45½ points while Wesleyan had little trouble in winning the affair with a 107 point total. Muskingum pushed Denison, taking 40½ tallies while Ohio was a poor last with 26. Grube led the Big Red in scoring with 7½ points while Pettibone of Wesleyan scored 15½ to capture high individual honors.

Denison showed real form in the Buckeye meet at Oxford, when, although not taking a single first, totaled enough to finish third. Wesleyan was victorious in the meet with 86 points, Miami holding second position with 76. The Big Red gathered 24 1-5 while Cincinnati trailed with 20. It will be borne in mind that Cincinnati defeated Denison in a dual match. Captain Barth was high point man for the Big Red with a third in the 440 and a fifth in the century. Grube placed fifth in the 220 and fourth in the broad jump. Owen got a third in the 880.

In the annual Big Six meet Denison took seventh place out of a field of 17 starters. Mike Gregory broke his own state record in the shot put with a heave of 44 feet, 2 5-8 inches, bettering his own former mark by 3-8 of an inch.

In addition to the school records that have been pointed out as being broken, two others were cracked by two new men not eligible for varsity membership. A new mark was made by DeArmond Hutson in the 100 yard dash when he clipped the distance off in 9 4-5 seconds on Field Day. Edward Reading, a sophomore, hung up a new discus record with a throw of 124 feet, 3 inches. These performances accomplished by new men bid fair for a successful season in 1929.

Back Row: Levering, Marlowe, Folsom, George, Rose, Steadman, White, Howard, Mgr.  
Middle: Livingston, Coach, Rogers, Asst. Coach, Simmons, Carpenter, Larimer, Van Valen, James, Pickett, Asst. Mgr.  
Front: Rogers, Owen, Roadarmel, Grube, Barth, Capt., Gregory, Drake, Powell, Oxley

baseball

RUSSELL BENSON pitched through most of the Denison season on the diamond. His deceptive curve coupled with the handicap of having only one arm made him an unusual figure on the diamond. He captained the Big Red through the toughest season seen in several years. He set an example of dependable playing although his was confined to the battery alone. "Beany" was particularly good at bunting.

RAY OTTO played a shortstop position but could be depended on in nearly every position. He was one of the heaviest hitters on the team, batting well over the .300 average. His playing ability and teamwork won for him an enviable position, namely that of Captain-elect for the 1929 season. Otto established a record for base stealing that accounted for many extra passes.

DOUGLAS DEEDS rotated in the pitching box during the season. It was his first season on the varsity although his relief pitching was in veteran style. The batteries for the team were not exceptionally fast but their consistent mixing held the opponents' score to a minimum. If Deeds continues his hurling prowess he should be one of the best.

HARTLEY LAYCOCK played away over towards the cinder track, out in the garden, and his specialty was nabbing those long field hits that came his way. Hartley's position in the batting order was usually near the top and his average at the bat was well up in there with the best. This was Laycock's second year with the Big Red varsity and he acquitted himself like a veteran.

HORACE ENGLISH occupied several base and in-field positions during the year, playing at third and first most of the time. His batting was good but gained his runs by quick getaways for safe base steals. He was the best base stealer in the varsity. On third he could be depended on for many accurate assist throws to first for easy put outs.

PAUL SWANSON'S batting ability and his long throw superiority made him the key man in the garden section of the Big Red. One of the high batting averages of the year in the association belonged to "Swede." The comparatively few errors chalked up to him shows his ability at getting under the high ones that came his way all too frequently.

ALMORE TESCHKE played one of the most difficult places on the team. He was catcher throughout the season and his numerous assists and put outs testify to his ability. Teschke is only a sophomore but looks well for a good season next year. His record at the bat was about average but once on base he was a hard man to keep from scoring.

SAMUEL MATHEWS was one of the infield veterans back and his sterling work at third base was one of the strong points of the season. "Sammy" showed uncanny power in placing the ball in the right place when pegging to first or when up to bat. He was particularly good in running up for bunts and at the same time covering his sack.

GEORGE HAYS proved one of the most efficient managers the athletic department has ever had. Out for practice every night, guarding equipment with a zealous eye, caring for bruises and bumps with his ready knowledge of First Aid, and still being a "good boy" is the record George established.

HAROLD STUBBS did work in the infield and outfield and performed equally well in either. His throwing arm was his biggest asset on the field and the Denison club would have found much more trouble had it not been for "Cap" and his spectacular showing at his various positions on the diamond. He still has one more year at school and much is expected of him in the '29 season.

ROBERT BLISS throughout the season kept the boys from getting too deep in the holes. His relief pitching gives him promise for two more years on the varsity. His speed ball was the biggest surprise the Denison team delivered to the foe. Bliss also showed some of his form out in the garden hurling the pill in to first and second with ease.

#### BASEBALL SCHEDULE

- April 14—Denison (6), Cincinnati (15).
- April 27—Denison (0), Miami (12).
- May 2—Denison (0), Ohio Wesleyan (5).
- May 5—Denison (3), Ohio University (14).
- May 9—Denison (4), Wittenberg (7).
- May 11—Denison (0), Miami (15).
- May 15—Denison (12), Wittenberg (13).
- May 16—Denison (5), Cincinnati (10).
- May 22—Denison (7), Ohio University (8).

# The Baseball Season

Denison's 1929 baseball team failed to win a contest in ten starts against Buckeye schools. Throughout the season the nine displayed streaks of winning play, but so rarely that the poor playing entirely overbalanced it. Several contests were lost by close scores due to the fact that Coach Edson Rupp developed as effective a team, offensively and defensively, as he could with the material he had at hand.

The Big Red failed to play well at all at the start of the season because inclement weather prevented any worthwhile practice. On the other hand other Buckeye schools were already seasoned by spring vacation barnstorming trips. Toward the end of the spring campaign, however, the team improved considerably and the last few tilts were lost by tight scores.

The first five games resulted in drubbings for the locals. Cincinnati won the season's opener by a 17 to 6 count. In the next two contests the Big Red was shut out. The first with Miami ended 12 to 0, Miller pitching invincible ball. Wesleyan took the second, 5-0, although Denison did some nice fielding. At Ohio the tossers lost out by a one-sided score of 14 to 5. The third shutout was again suffered at the hands of Miller of Miami, 15-0. Denison had tough luck in two contests with Wittenberg. The first was lost 7 to 4 after the Redmen had staged a four-run rally in the eighth inning. In the second at Springfield the locals were nosed out 13 to 12 in a slugfest, mainly because the weak end of the batting list was up in the final frame.

Cincinnati's Bearcats came from behind to win their second contest from the Big Red by a 10 to 5 tally. The last home game with Ohio was a heart-breaker, the Athenians checking a Denison rally in the ninth to win by a 8-7 margin.

In the last game of the season with Wesleyan at Delaware, the Big Red dropped the tilt, 10 to 9, in the thirteenth inning.

Weakness on the mound was the main cause for the team's poor showing, although weak hitting was also a potent factor. Captain Benson was the only Big Red hurler to produce a consistently good bit of hurling throughout the year. In hitting, English, Otto and Stubbs featured, the latter cracking out three home runs in the season. English and Otto were also the sparkling performers in the field.

Back Row: Rupp, Coach, Deeds, Fries, Swanson, Massie, Hayes, Mgr.  
Middle: Stubbs, English, Homberger, Mathews  
Front: Kashiwagi, Teschke, Benson, Bliss, Laycock

## MINOR SPORTS

# Tennis

Although Denison netmen displayed good play at times during the season of 1928, it was the first time that a Big Red team has gone down on record for not winning a single match in many, many years.

None of the members of the team seemed possessed with enough accuracy and skill to effect any worthwhile opposition to his opponent, unless Captain Bakeman be mentioned. As in other sports during the year, Denison lacked material and that is the story of the whole season.

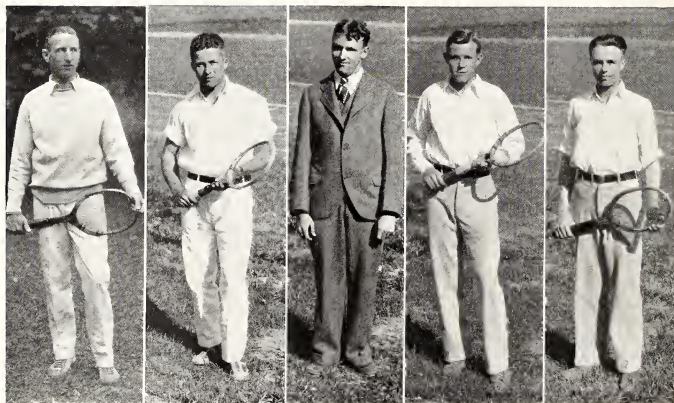

The racqueteers got off to a poor start at the opening of the season when they were shut out by Wesleyan completely. The second match was with the Cincinnati netmen, who took every event in straight sets, even though they did not show a superb brand of tennis.

In two feuds with Kenyon the Big Red showed much improvement, but failed to cop more than one set, Bakeman and Osmer combining to do that in the doubles.

The racket wielders from Ohio University proved too much for the Big Red who failed to win but a single clash in the twelve matches with the Athenians. Bakeman captured Denison's first decision of the year by defeating Henderson in straight sets.

In the B. A. A. meet at Cincinnati Bakeman reached the quarter-finals by virtue of winning his initial match with Warren of Miami in straight sets. He was eliminated by Koppes of Wesleyan.

In the last match of the season with Wesleyan Denison staged a reversal of form, losing to the Bishops in a close match, 4-2. Osmer won the only singles match of the year from Stewart. Bakeman all but defeated Koppes. The doubles were divided, Schmitz and Osmer winning their duel with Anderson and Stewart.

Schmitz, Lindroth, Neff, Osmer, Bakeman

## Cross Country

From the viewpoint of meets won and lost, the ushering in of Cross Country as a major sport at Denison was anything but a success. Out of the four intercollegiate meets scheduled the Big Red harriers were victorious in one, that against Cincinnati on the local course. In the B. I. A. A. run, Captain James was the only Denison man to finish among the first ten and consequently the Big Red became possessors of the cellar position.

Nevertheless, with all this year's team back next season the prospects of a winning club seem assured. The fact that cross country has become a major sport will no doubt attract more and more interest and competition for membership on the squad.

The Denison harriers opened the season by losing out to Ohio by a close score of 23 to 32. James was the first man to finish in a tight race with two Athenians, one of whom was forced to tie the course record to win. All the Big Red entries finished for places, Sargent copping fifth position and Drake sixth.

On the following week-end the team lost out to Wesleyan by a 20 to 37 count. Captain James was again the first to finish for the locals, placing fourth. Roadarmel captured fifth position and Drake came in seventh.

In the next clash with Ohio Northern the locals lost by a scant margin of five points, 25 to 30. The fact that the Polar Bears annexed the first two places accounted for their triumph. James, Roadarmel, Drake, and Sargent ran the best for the Big Red.

The next week Denison won its first engagement. Cincinnati came to Granville and was turned back on the long end of a 21 to 36 score. Denison took the first place for the only time of the season, James and Roadarmel finishing in a tie for the initial honors.

Captain James was the only Big Red aspirant to finish among the first twelve in the Buckeye meet at Delaware which closed the year's competition. By virtue of his feat, he is the only man on the squad to receive a letter. For his consistently good record during the season Davey deserves plenty of commendation.

Gleiss, Roadarmel, James, Capt., Steinberger, Sargent, Richards

## Swimming

Respective scores for the two meets the Big Red swimmers had this year with Wesleyan gave Denison the small end of the scoring although the locals won several firsts. William Randell was the best of the new members of the squad. Art Gregory and Randell hold several of the standing records in school.

The squad sponsored a Red Cross life saving class under the direction of William Austin. The best of the swimmers in the intramural swim meet belonged to the squad and the times set up in this meet as well as those in the Wesleyan meets were near record time. Tracy Grosbeck, Paul Fleischauer, Bill Austin, Captain Art Gregory, Bill Randell, Byron Hughes, and Norman Hall comprised the team.

Handicapped by lack of good facilities for meets and room for longer straight dashes the team went through under their own coaching. The prospects for a good season next year are of the best.

Grosbeck, Fleischauer, Austin, Gregory, Capt., Randell, Hughes, Hall

## "D" Association

The mighty "D" men, singularly important on the campus for their athletic prowess, and the fear of every paddle-and bath-dreading Frosh, have an organization which sponsors respect for upperclassmen, familiarity with school traditions and yells and songs, and loyalty to Denison. The annual formal "D" banquet is perhaps the biggest social event of the year, since only a few select campus queens may attend. It was held this year at the Granville Inn in January

## Hand Ball

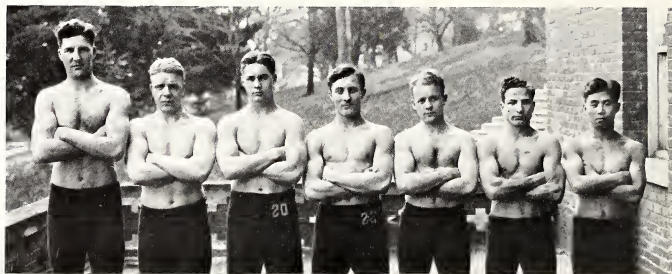

Hugh Smith and Harold Fulton, unaffiliated, were the winners of the intramural hand ball tourney. In the finals the pair defeated the Pi Kappa Epsilon team, composed of Joe Snyder and Paul Schaller. The winners showed superb form in winning all of their matches and were only closely challenged by Snyder and Schaller in all of them.

FULTON, SMITH  
*Handball Champs*

## Wrestling

This year the champions were: Paul Schaller, Pi Kappa Epsilon, heavy-weight; Wilbur Lewis, Sigma Chi, 175 pound class; Allen Poole, Lambda Chi Alpha, 158 pound class; Stephen Kelih, unaffiliated, 145 pound class; James Grimm, Kappa Sigma, 135 pound class; Corradino Niccolazzo, Commons Club, 125 pound class; and Masuo Hoshide, Commons Club, 115 pound class.

Schaller, Lewis, Poole, Kelih, Grimm, Niccolazzo, Hoshide

## Pep Promoters

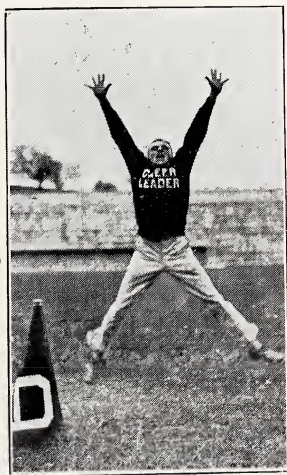

"ABE" FLORY  
*Head Cheerleader*

Foremost among those who win games from the sidelines is "Abe" Flory, head cheerleader, for he is the one who pulls out many a victory from a fire of defeat when he organizes unintelligible cheers into a big "Skyrocket" or a bigger "Fight, Team, Fight." Helping him as his right-hand man is "Shrimp" Phillips, of two-year head-cheerleader fame. Both have that knowing way of getting the best and loudest yells from the crowd. And the boy that gets the newspaper comments is "Bud" O'Brien, what with his South Sea Island squirm, classy strutting, and accurate passing of his baton over the goal posts.

OWEN PHILLIPS

## Intramurals

Three Year Trophy  
Won by Kappa Sigma, 1928

A new basis for intramural competition has been inaugurated in Denison during the past year by Walter J. Livingston, Director of Athletics. Formerly, each fraternity winning a championship in either a major or a minor sport was presented with a loving cup or a plaque for gaining each title. Last year, in addition, a handsome trophy was awarded the group possessing the greatest number of points at the close of the second semester. Kappa Sigma was winner last year and by her victory holds a one-third leg on permanent possession.

In the point system, speed ball, basketball, volley ball, playground ball, and indoor and outdoor track are considered as major events. In the basketball division, however, there is also a minor league. The minor list of sports comprises hand ball, wrestling, swimming, foul shooting, cross country, strength tests for Freshmen, and efficiency tests.

For entering a team in any of the major sports, a group receives fifty points automatically, except in the case of indoor and outdoor track when a different plan is used. The fraternities are divided into two separate leagues and the two winning first and second places in both divisions are given ten and six credits respectively. Then the first place teams battle for the university championship, the victor receiving ten, and the loser, six points.

The plan used in track functions differently. The entrance requirement is that each group must have a man, or men, competing in at least half of the events. Each fraternity complying with this specification acquires fifty points. The club finishing first then attains twenty points; second, fifteen; third, ten; fourth, five; and fifth, one. In the minor league basketball competition the scoring is practically identical with the major, and differs only in the respect that the point awarding is just half as great.

Each entry in the minor sports of hand ball, wrestling, swimming, and foul shooting is immediately granted twenty-five points. The winner of a meet receives five points; second place two and a half; and third place, one. In the cross country run, three men must finish before any group is given twenty-five points for entering. Points for the winners of the first five positions at the end of the race run: Ten, seven and a half, five, two and a half, and one. In the strength and efficiency tests, individual high point men are rewarded. The most proficient man gains ten tallies and nine other places are scored correspondingly.

Points are also awarded those men who are engaged in varsity major athletics and Freshman football. They are thereby barred from intramural competition. After all of the so termed "cuts" are made, those surviving are given ten points.

This is the system of intramurals in vogue in many of the colleges throughout the country. Undoubtedly it is creating more interest in intramural sports than has been seen in Denison for some time. It is heralded as being the most efficient method of placing interfraternity athletics on a fair foundation.

Carney Cup  
Awarded for Highest Point  
Standing, 5 Years

## Women's Athletics

DOANE GYMNASIUM—WOMEN'S GYM

## The Women's Coaching Staff

Miss Barr, who has been head of the Women's Athletic Department at Denison for five years, has made her department one of the most progressive and up-to-date of its kind through her enthusiasm and her ability to endow other people with that same spirit.

An ever ready wit and a keen sense of humor are conspicuous characteristics of Miss Barr, and though she appears all business and energy to the casual observer, she is known to be a true and helpful friend to those with whom she comes in contact.

MISS BARR

MISS BADENOCH

Miss Badenoch's friendliness and ability is a much-talked-of characteristic, not only among those who are in her classes, but by all students who have come to know her. Her artistic ability is a by-word of the campus, and her creative and directing genius is evident in all athletic demonstrations and dance presentations. Her work with Orchesis has been particularly commendable. She is much sought for on all occasions requiring decorative or other artistic achievements.

Miss Petroskey, a graduate of California, came to Denison with many new and highly acceptable ideas concerning women's athletics. As swimming coach she has developed several tankful of real mermaids. Her work during hockey season was also creditable.

MISS PETROSKEY

Under the able supervision of Miss Barr, Miss Badenoch and Miss Petroskey, Doane Gymnasium has become one of the activity centers on the Shepardson campus.

## The Women's Athletic Association

KATHRYN DARROW

*W. A. A. President, 1928-29*

The Women's Athletic Association has cooperated with the Women's Student Government and the Y. W. C. A. in encouraging social activities for the women, in an endeavor to promote a democratic spirit on the campus. The three organizations sponsored a Women's Week-End, May 25, 26 and 27, 1928, in honor of the Senior Women, and entertained the new girls on September 12th at an informal welcome party on the lower campus.

The new athletic field for women, the gift of Colonel Deeds, was dedicated May 26, 1928, at the W. A. A. annual field day.

The circus in November was a novel feature of the year's work. The sixty girls who participated in this, did so with great enthusiasm and no event of the year has been marked by greater cooperation. As an initial performance, it was very realistic and enjoyed by everyone.

Effort has been made to stimulate individual interest in a variety of activity, through encouragement of participation in team sports, individual sports, gymnastics and dancing. Since Denison offers unusual opportunities for outdoor sports, provision has been made to secure genuine interest in such activities throughout the year.

The Association feels greatly indebted to the Physical Education Department for Women, for their leadership and service and inspiration to the women of the University.

# The Women's Athletic Board

|                         |                    |
|-------------------------|--------------------|
| President.....          | Kathryn Darrow     |

| Head of Hockey.....     | Helen Hodel        |
| Head of Swimming.....   | Marie Maunus       |
| Head of Tennis.....     | Marion Reed        |
| Head of Track.....      | Dorothy Perry      |

The Athletic Association bases its awards on a point system in the following manner:

|      |                              |
|------|------------------------------|
| 100  | points—Membership            |
| 400  | points—Monogramed bar pins   |
| 600  | points—Black Jersey          |
| 1000 | points—Red D on White Blazer |

Honorary teams in all sports are selected at the end of each season.

## Denison Alumni Centennial Program

DENISON FROM THE AIR

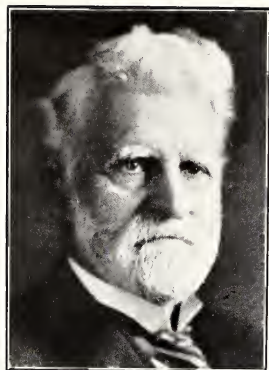

## Denison's Centennial

### AGE AND ENVIRONMENT

DENISON UNIVERSITY, founded in 1831, is one of the oldest and most substantial colleges in Ohio. The spirit of the school is today and always has been, very democratic, yet the Institution is aristocratic with its old New England setting, its beautiful location on the hilltops and in the green valleys of Licking County. The fact that Granville was settled by those New England pioneers from Granville, Mass., has caused the New England atmosphere to pervade this Ohio setting. The combination of an Ohio democracy and a New England conservatism makes for ideal citizenship and the man or woman is fortunate who finds himself or herself in such an environment.

### GROWTH

The first year of Denison's existence she had thirty-seven students. Classes were held in a small building located where the recent Conservatory of Music now stands. Many struggles took place during

DR. AMBROSE SWASEY  
Honorary Chairman

the early years of Denison's being, and much sacrifice was necessary on the part of the Trustees of the University and the Baptists who founded her.

### SACRIFICE

Sometimes it looked as though Denison could hardly survive, so tragic was her situation, but instead of giving up in despair, her Trustees persevered and worked with more energy, and her faculty remained loyal. Because of these things, the student body gradually increased, new buildings were constructed and the endowment increased.

Truly, we can say that Denison has been built on sacrifice and faith in God.

### INCREASE IN STUDENTS

In 1880 the students numbered 65 and from this time on, the increase, in every direction, was much greater, and at ten year intervals we find the following number of students in attendance. In 1890 there were 177, in 1900 there were 296, in 1910 a total of 420, in 1920 with 757, and 889 in 1929. Naturally the faculty has increased with the increase in number of students and with increased departmental demands.

### IMPROVEMENT

During the past several years outstanding improvements have been made, new buildings constructed and new projects carried out that have meant much to increase the ability and efficiency of the Institution.

For instance, stately Swasey Chapel was built and now forms the center of the College in a spiritual way. Deeds Athletic Field has also been constructed and gives Denison the equipment in that direction which places her on a par with any institution her size. Thus we can see that Denison has not been

COL. E. A. DEEDS  
Honorary Chairman

standing still and also we see that the same spirit of sacrifice and giving that characterized her earlier years has continued to manifest itself among her good and loyal friends.

#### NEW DEMANDS

During the last fifteen years the student body has increased from 420 students in 1910 to 889 in 1929. This situation is very significant and has caused conditions to exist which must be met.

Because of these needs which have developed in the past several years the Trustees of the University have given considerable thought to the question of a program which would meet these needs. Denison's Centennial year, coming as it does in 1931, makes this the logical time to conduct a very comprehensive and intensive campaign for funds, with the idea of celebrating the success of such a movement during Denison's Centennial year.

In order to carry through to a successful conclusion such a program, a National Centennial Campaign Organization is being formed for the purpose of securing a total of \$3,300,000 to be used for endowment and building funds. The Denison Trustees, during their Spring meeting in Granville, appointed the officers of this Centennial Campaign. These officers have all accepted their various positions and responsibilities and are as follows:

Dr. Ambrose Swasey, Honorary Chairman.  
Col. E. A. Deeds, Honorary Chairman.  
Mr. Cyrus S. Eaton, Honorary Chairman.  
Dr. Avery A. Shaw, President, General Chairman.

Mr. Frank B. Amos, Vice Chairman.  
Mr. Bryant C. Morris, Assistant to President, Director.  
Mr. Ellis P. Legler, Secretary.  
Mr. Harry C. Royal, Treasurer.

MR. CYRUS S. EATON  
Honorary Chairman

DR. A. A. SHAW  
General Chairman

#### CENTENNIAL COMMITTEE OF BOARD OF TRUSTEES

|                      |                          |
|----------------------|--------------------------|
| Mr. Charles F. Burk: | Dr. Avery A. Shaw.       |
| Col. E. A. Deeds.    | Mr. Franklin G. Smith.   |
| Mr. Cyrus S. Eaton.  | Dr. Herbert F. Stilwell. |
| Mr. David E. Green.  | Dr. Ambrose Swasey.      |

In addition to these officers, the National Advisory Committee is being organized, and eventually this Advisory Committee will be enlarged, forming one of the strongest sales organizations that has ever existed.

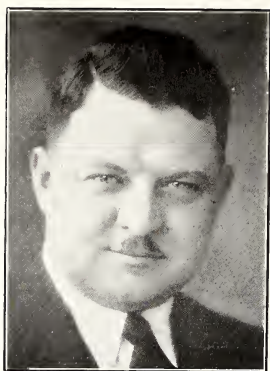

The purpose of the Centennial Campaign is twofold:

- 1st—To make friends for Denison.
- 2nd—To secure the funds necessary to fulfill Denison's immediate needs.

The various projects included in this campaign are set forth by the Trustees as follows:

#### ENDOWMENT

While Denison's endowment funds have increased gradually, mostly by individual gifts, yet in order to continue to maintain a first class faculty and also to

MR. BRYANT C. MORRIS  
Director

cost of a suitable library with equipment and endowment for maintenance is \$500,000.

make additions to this faculty, she must secure additional endowment funds. The Trustees have gone into the need for these endowment funds and find that the minimum capital fund required for the purpose of endowment and special funds are as follows:

|                                            |             |
|--------------------------------------------|-------------|
| Salaries (Professional) .....              | \$1,000,000 |
| Sabbatical Leave .....                     | 100,000     |
| Retiring Allowances (for Professors) ..... | 100,000     |
| Lecturers and Preachers .....              | 25,000      |
| Scholarships .....                         | 100,000     |
| Loan Fund (Students) .....                 | 10,000      |

Total.....\$1,335,000

#### LIBRARY

The present library building was erected in 1879 at a cost of \$10,162.70, and has been for a long time hopelessly outgrown. Today Denison has thousands of volumes stored in attics and closets, because of lack of space in Doane Library. The present library was built to serve approximately 75 students, but today Denison has 889 college students. These facts are sufficient for anyone to draw their own conclusions in regard to the need for a new library. The estimated cost of a suitable library with equipment and endowment for maintenance is \$500,000.

#### ADMINISTRATION BUILDING

Today the administrative offices of the University are scattered in the various college buildings. This situation does not promote efficiency. Many valuable college records and papers are filed in non-fireproof buildings, and this condition might be very costly to the University in case of fire. The new Administration Building will be fireproof. Due to the imperative demand for additional class rooms, a section of this building will be used for this purpose. Truly, a building containing administrative offices and class rooms represents one of the strongest needs that Denison has today. The estimated cost of the Administration Building, and endowment for same, is \$375,000.

#### BIOLOGICAL BUILDING

The departments of Zoology and Botany are at present located in old Talbot Hall. This building was never designed for laboratory purposes. It is very poorly lighted and is a serious fire hazard. The need of a new Biological Building is recognized by everyone connected with the school. The estimated cost of this building, with equipment and endowment for overhead, is \$275,000.

#### AUDITORIUM AND MUSIC HALL

One of the most keenly felt needs is for a suitable Auditorium and Music Hall. For the purpose of lectures, concerts and dramatic performances, Denison has only a small frame Recital Hall or the rental of the Village High School Auditorium, or the loan of one of the Village Churches. The Conservatory of Music is housed in an old frame building in the village, formerly a private residence. The estimated cost of this com-

MR. ELLIS P. LEGLER  
Secretary

bined Conservatory of Music and Auditorium, with equipment and endowment, is \$375,000.

These four new buildings, namely: Library, Administration, Biological and Music Hall and Auditorium, are all buildings housing either laboratories or class rooms. The College Library is the main laboratory of the entire University. The Administration Building will contain one floor of class rooms. In addition to the Botanical and Zoological laboratories in the Biological Building, there will be class rooms for the Department of Psychology. The Music Hall will be composed of both laboratories and class rooms. These buildings will fulfill Denison's great outstanding need for class rooms and laboratories.

#### WOMEN'S DORMITORY

The Centennial Program calls for the erection of one additional dormitory unit. The reason for the need of this building is that at the present time many young women are compelled to live in old, frame, made-over dwelling houses, located in various places on both the college grounds and in the Village. This new dormitory for the young women will cost approximately \$200,000.

MR. FRANK B. AMOS  
Vice Chairman

#### DINING HALL

With a majority of the young women on the Upper College Campus, a new dining hall will be required to replace the old frame building used at present. Social rooms will also be provided for in this new building, because now there is no place where the entire college can meet socially. The present parlors have been outgrown with the increase in number of students and faculty. This new dining hall completely furnished and equipped will cost approximately \$190,000.

#### CAMPUS NEEDS

Denison is so situated that it has the natural advantages of a beautiful landscape as a foundation for its campus. But although the college is 100 years of age some of its roads, and its main entrance are not a credit to it. In fact, there is nothing to indicate where the main entrance is located. There is a very definite need for a main entrance and other campus improvements, which will cost approximately \$50,000.

The total amount required to take care of Denison's needs and to help her retain her place of high standing among the colleges of today, is \$3,300,000.

## Unaffiliated Men's Organization

WITH a year's successful growth already to its credit, the Unaffiliated Men's Organization is assuming a place of importance upon the campus.

Its foundation, the culmination of a long-felt need for some means to provide for the participation in campus activities by men who are independent of any social group, came at an opportune time, since these men were clamoring for their share in the work about the campus.

Unaffiliated Men's Organization is active in many extra-curricular activities. Parties, smokers and other social functions are given in the house and men may entertain guests there. They are well represented in athletics, both in individual play and in intramural competition. They are represented in practically all of the campus organizations.

The work of organizing the men into this body was largely through the efforts of Irwin Neff, X '29, and John Posegate, '29.

There is no "membership" in the organization; all unaffiliated men are automatically considered members, and thus far the plan has worked well, for practically every eligible man is participating in its affairs. With the welfare of Denison as its ultimate goal, the group has met with hearty approval of both the faculty and student-body, and the idea has been accepted in a sound manner.

Seidner, Winchester, Oamer, Beardshear  
Figman, Buchanan, Brandt, Bartlett

## Crossed Keys

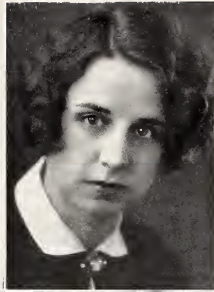

### *Junior Honorary*

Crossed Keys was organized in May, 1926, in preparation for the activity-ridden Junior year. The main purpose of the organization is to foster and promote class spirit by attendance at all class meetings, by participation in class affairs, and by showing an active interest in all activities of the class. It further purposes to encourage a democratic, friendly feeling between the groups on the campus.

The organization worked in secret until it was formally announced at a dinner party at the Buxton Inn, January 21, 1927.

Under Miss MacNeill's guidance, Crossed Keys is expected to continue its activities and to increase its power in the coming years.

During the winter a dinner party was given at the Buxton Inn for representative men of the class. Guests of Crossed Keys were Joseph Nellis, Winthrop Dolan, Philip Linne, Abram Flory, Bernard Rogers, Frank Steadman, George Adams, and Robert Bliss. Dr. and Mrs. R. H. Williams were chaperons.

Elizabeth Blanke  
 Marie Bigelow, Harriet Fellman, Esther Nicola, Annabelle Hammond

## Denison Honor Students

Among the most honored of all Denison students are those who achieved remarkable scholastic standings during the first semester. Students making a record of straight A during the first semester were Eugenia Couden, Dorothy Deutsch, Edythe Gaines, Martha Gillespie, Margaret Lepper, Florence Hoffer, Ruth Patterson, Miriam Reeve, Emily Spencer, Helen Williams, Grace Woodford, Alberta Bakeman, Douglas Deeds, Winthrop Dolan, Robert Edwards, George Howard, Robert Kelley, Wayland Marlow, and Ralph Pickett.

The Honor Roll of the Freshman class for the first semester includes those who made 28 points or better. Members were Edna Adams, Elaine Ashley, Pearl Burgoon, Linda Davis, Dorothy Deutsch, Vivian Dickson, Mary E. Eddy, Alehea Hanson, Lucy Holsapple, Beulah Kislingberry, Margaret Lepper, Mary E. Nist, Ruth Patterson, Stanley Drews, Robert Edwards, Earl Ebersbacher, Harrison Korner, Samuel Parks, William Powell, James Uebelhart, Charles Welling, and Gene Winchester.

The local chapter of Phi Beta Kappa has sponsored a Freshman Honorary Society called the Phi Society, into which are taken freshmen making a total of 56 points.

The George Platt Knox Club sponsors an interest in the religious education department of the university. The club takes its name from George Platt Knox, organizer and first head of the department of Christian Education at Denison.

The manifold aims of the organization are:

To stimulate a deeper interest in Christian work on the campus.

To broaden and enrich our contacts in the field of Christian education.

To give inspiration and ideals which may be carried away from college halls.

Ever to seek to interest others in this line of work.

The meetings of the society are held semi-weekly at which time books are reviewed, lectures are given and topics of interest are discussed. Whenever possible, outside speakers are procured.

Members are elected from the Department of Religious Education.

The Franco-Calliopean Literary Society is the revival of two old Denison literary organizations which at one time flourished with great pomp, the Franklins and the Calliopeans. The composite group was founded several years back by Miss Annie M. MacNeill, and other interested members of the Department of English.

With the study of modern literature as its purpose, the society has enrolled a large membership, all of whom join in the discussion of the latest novels, short stories, poetry and essays. Reviews of books, unique incidents in the lives of authors, and other interesting material is presented by the various members at their meetings.

The "Denison Collegian," literary quarterly, is the official publication of the Franco-Calliopeans, and its contents are almost all the work of the members. Contributions, however, are accepted from any student in the university, provided that they are of sufficient literary worth. Meetings are usually held at sorority houses, and light refreshments often bring to a close an evening with the literary lights of the world.

The Denison Mathematics Club, the oldest departmental on the campus, has for its purpose the discussion of mathematical problems and allied topics of interest which are not taken up in the regular math courses.

It is the policy of the club to extend invitations of membership to the outstanding mathematics students. During the first semester, the club was divided; Dr. Wiley spoke to the new members and students lead the meetings for the old members. Outside speakers, members of our faculty, and several students have conducted the semi-monthly meetings of the entire club during the second semester.

The Denison Chemical Society, which has enjoyed an unbroken existence since 1909, is an honorary organization to whose membership students who have completed one year's work in the Department of Chemistry with a satisfactory grade are invited. The programs are planned to give a broader view to the field of Chemistry, and its application to industry, the other sciences and to every day life.

The meetings of the Biological Society are held in the class rooms of the zoology department on the scheduled dates for departmentals. Such topics are discussed as will be of help to the students majoring in the Biological sciences. Talks are given by different professors on the hill, and as often as can be arranged, men higher up in the fields of science are brought to our campus to give their views of the natural sciences. Members of this society are chosen from those taking either a major or a minor in the Biology Department.

Under the guidance of Senor Amner and Senor Wiley, El Circulo Castellano has become a cultured club following the origin of Spanish literature. Interesting talks on the life and customs of the Spaniards in their relationship to certain phases of literature are given at the bi-weekly meetings. In March Professor Russell of Ohio State University read a paper on the development of Spanish song and rendered several vocal selections. Membership is based on scholastic standings and is by invitation from the group.

## The Granville Student Council

|                                    |                    |
|------------------------------------|--------------------|

| <i>Freshman President</i> .....    | Arthur Darrow      |
| <i>Editor, Denisonian</i> .....    | Stephen Richards   |
| <i>Y. M. C. A. President</i> ..... | Charles Brelsford  |

The Granville Student Council functioned with credit to itself and the student body the past year. Its first year of membership in the National Students' Federation of America brought marked results in the direction of solving the arising problems. The Honor System and Chapel Attendance were major problems with which the Council found itself at work. Other minor duties were dispatched as they arose, with speed and precision.

The Young Men's Christian Association is one of the foremost organizations in the University, doing a wonderful work in establishing a personal religious contact with men students, and at the same time carrying on more activities than any other single organization.

Its best known work is probably that of bringing several noted speakers to Denison. In the past year, it has engaged such men as "Dad" Elliott, Edward H. Rhoades, Jr., Sherwood Eddy, Grove Patterson, Stitt Wilson, and Charles E. Morriss, and in collaboration with the Y. W. C. A., and the Administration, brought Harry N. Clarke, the vocational guidance expert to spend three days in working out vocational problems here.

In the field of publications it sends a copy of the "Y" Handbook to every freshman before he comes to school and publishes a Student-Faculty Directory in the early fall. The "Y" also furnishes magazines for the reading room in Cleveland Hall and handles all publicity for Vespers Services.

In co-operation with the Administration and the Y. W. C. A., it conducted the Week of Prayer in which the Rev. Dr. M. A. Jones of St. Louis was the speaker.

It sent a delegation of nine students to the Lake Geneva Student Conference, co-operated with other Christian organizations on the campus in sending delegates to the Detroit Student Volunteer School, was represented on the State, Regional, and National Conferences of the Y. M. C. A., and entertained the 1928 Spring Training Conferences of Ohio Y. M. C. A.'s and Y. W. C. A.'s.

Above all, its regular Sunday evening meetings have been of untold value to the many students who attend them and have served to retain the high standards of religious training so characteristic of Denison.

The Young Women's Christian Association has as its purpose "To promote the Christian spirit on the campus, to realize a fuller and richer life, and to be a source of inspiration for higher living on the campus"

Its activities are similar and sometimes identical with those of the Y. M. C. A. At the beginning of the school year the Association conducted a three-day finance campaign and raised the necessary twelve hundred dollars for its work for the year, collecting it through sixty workers.

One of its most important functions was the social service performed in hospitals, the county home, the orphanage, kindergartens, and in other schools. In Denison it has carried on, through the Personnel Council, work among the Freshman girls, getting acquainted with them, giving teas and get-togethers in the earlier part of the year, and in Granville High School it has supervised the Girl Reserve Unit.

The Y. W. C. A. has collaborated with the Y. M. C. A. in many projects, such as the publication of the "D" Handbook, the Student-Faculty Directory, and in the future will issue the advertising blotters. The two organizations worked together in arranging programs for Student Nights at the Baptist Church and also in putting on the Week of Prayer and the Vocational Guidance Week.

THE VARSITY QUARTET

Pollock, Giffin, Wolfe, Montgomery

## Men's Glee Club

The annual fall tour, made during Thanksgiving vacation, took the glee club into old and familiar territory. Concerts were given in Huntington and Charleston before packed houses, traditional with the arrival of the Denison Glee Club into West Virginia. Under the able direction of Professor Allan F. Schirmer and the management of Winthrop Dolan, with the assistance of Messrs. Pollock, Giffin, Wolfe, and Montgomery of the varsity quartet; Robert Kelly and Norman Pollock, pianists; Harling Spring, violinist; and other talent within the group, the club made a splendid showing, winning much favorable comment.

The club also appeared in local concerts from time to time, and held a joint concert with the women's glee club, Saturday evening, May 11, before a large crowd of visiting mothers.

College students are often accused of becoming national in spirit, if not actually provincial. The Denison Cosmopolitan Club goes a long way to make that accusation false among students on the Hill. In fostering an international outlook, the club has taken for its motto, "Above all nations is Humanity."

The Denison chapter is a member of the national organization of the same name. Meetings are made unusually interesting by the first hand information of Denison's cosmopolitan students.

## The Denison Orchestra

The Denison Orchestra, an organization of 40 pieces, under the leadership of Professor Karl H. Eschman, has been able to render such music as Beethoven's Fifth Symphony, Orpheus in the Underworld, and numerous other compositions of as high a character. The ensemble of musicians practices every Tuesday night, and is made up almost entirely of students, although a few townspeople and members of the faculty participate with the orchestra. Two complete concerts are given each year, and the accompaniment for the annual presentation of Handels Messiah, and the performance of diversified operas every spring by the college is well handled by the orchestra. Last year the orchestra, competently directed by Mr. Eschman, gave an interpretation of the *Il Trovatore* musical drama.

The 1929 concert of the orchestra was played Monday night, May 27, in Recital Hall. The program consisted entirely of Schubert's music, celebrating the centenary of that composer.

The Overture and Ballet music to "Rosamunde," and the "Unfinished Symphony" were played and received a great ovation from the large crowd of music-loving students and townspeople.

## Granville College Debate Teams

The men's debate squad had one of the most successful seasons of recent years during the past winter. Besides the customary Ohio Conference tilts, in which almost perfect win record was established, the squad held interesting debates with traveling squads from Oxford (England), Colgate and the University of Oregon.

Masquers, college dramatic society, sponsors three major plays during each college year, one in the fall, one in early spring, and one Commencement week. Numerous one-act plays are given from time to time.

Beginning last year, membership in the society is awarded only to upper-classmen who have appeared in at least one college production, although under-classmen may appear in any of the plays sponsored.

Masquers has grown in importance considerably this year, with the adoption of new policies.

Coaches this year were Colonel Yearick, Newark, and Professor Lionel Crocker.

 Bevan, Coffman, Kerber, Gregory, Perkinson, James  
 Ghent, Hodell, Adams, Weaver, Nellis

## Review of Plays

"Thank You" was the Spring 1928 production of *Masquers*, and despite the heavy routine of Commencement week and the last few days of school, the play was presented with the needed verve to put it across. Mary Frances Myers carried the leading role, while John Schlacter was male lead. It was the first stage appearance for both at Denison, but they carried their parts with accustomed grace. Joe Nellis gave an able interpretation of the parson, while Clarence Ghent and Abram Flory took the comedy honors. Others of the large cast who gave a good account of themselves were Elizabeth Coffman, George Adams, Eugenia Bibby, Robert Stevens, Margaret Ott, Richard Brandt, Addison Fischer.

The fall play of *Masquers* this year was "Meet the Wife" in which much new talent was introduced to the school. The "Wife," an aspiring social climber, was played by Jane Colby, while the husbands were effectively portrayed by Joseph Nellis and Lester Livingston. Livingston carried his role of author with a remarkable poise. The love element was supplied by Eleanor Stutler and Dickson Burrows, the former exhibiting a pleasant surprise in the form of real dramatic interpretation. Comedy highlights were presented by Edwin Mirise, who gave a highly humorous display of English nobleman characteristics as Americans are prone to typify them. Mortimer Dean and Maurine Kemper played their minor roles with precision.

George Cohen's "Seven Keys to Baldpate" was the weakest play produced on Denison's stage during this student generation, but it "took" with great applause by the students. The characters included Margaret Bescanceney, Emily Spencer, Ruth Patterson, Clarence Shoop, Lester Livingston, LeRoy Bevan, Donald Van Valen, Otis Curtin, John Case, Lester Burbidge, Virginia Edsall, Jordon Rose, and Mark Winchester. Leading roles were carried by Miss Spencer and Mr. Livingston, though Mr. Case stole the honors from both with his vivid portrayal of the hermit.

Philip Barry's "You and I" was presented Friday evening, June seventh, before a capacity house of students, townspeople, and Commencement week visitors. The cast was remarkably well chosen and included Joseph Nellis, Jane Colby, Helen Wellman, Richard Brandt, Glenn Kyker, Abram Flory, and Merle Leach. Although it was her first stage appearance, Miss Wellman proved a pleasing leading lady, and vouched for successful productions for the coming years. Students in charge of production were William Robertson, business manager; Floyd Runkle, stage manager; Milton Fitch, property manager; Franklin Anderson, lighting.

DONALD VAN VALEN  
*Managing Editor*

The  
Denison  
Collegian

*Literary Quarterly*

WILLARD BARKELL  
*Managing Editor*

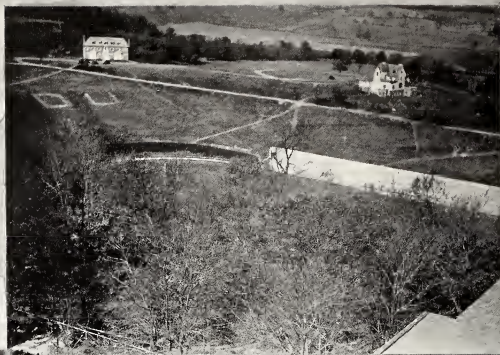

Two years ago the revived Collegian made its appearance on the campus, and has since been issued quarterly. Its publication is sponsored by the Franco-Calliopean Society, and for the most part contains the literary works of its members. Contributions of worth, however, regardless of whether or not the writer is a member of the organization, are published. Short stories, essays, character sketches, descriptive passages, poems, and brevities comprise the contents of each issue.

Managing Editors Barkell and Van Valen merit much praise for their splendid efforts in compiling the issues. They have served in their present capacities for three years, and have built the booklet into a worthwhile publication.

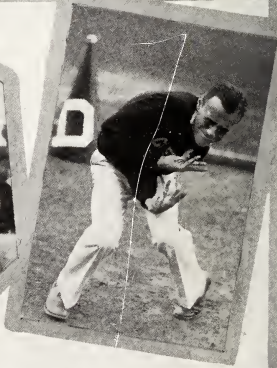

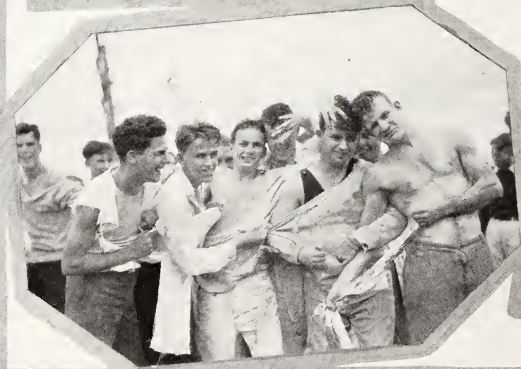

## Denison Life

*This is Life —  
taken as we have  
found it. We  
hope you like our  
newest featured  
innovation.*

Deeds Field, Phi Delt and Beta houses, and the Boosters "D U" from the Chapel Tower looking northwest. Miss Petroskey shows the Adytum cameraman how to execute a perfect lunge. Helen Hodell turns from her work as Hockey Head to bawl us out on Beaver. The Frosh present the annual cry to which we add "Wait 'til next year." A friendly scrapday shot, with Pollock, Fellman, Flagler, Cole, and Ghent almost au naturel. Flory does a Lon Chaney.

Sawyer, Beaver, and Swasey Observatory from the Chapel Tower looking northeast. Miss Barr ready to hit a hockey ball at us. Governor Myers Y. Cooper addresses the students and citizenry of Granville. O'Brien, with that super-strut, starts the band down the field. Ruth Soyez, Bobby Clark, Eleanor Chestnutt, and Carol Joy King stop for a picture on an afternoon's ride through the hills. We keep faith with "Daddy" Pratt, grand old man of the Campus, to whom we promised his picture in the Adytum. May he rest in peace!

Masquers present "Thank You" as their Spring 1928 success. De Hutson (H) lags one foot behind at the tape to qualify Denison at the Ohio Relays. Linne listens to Flory's hooley at the annual breakfast of the school's best class. Yea, Juniors! A familiar woodland path in winter. "He done it," say the Masquers as "Seven Keys to Baldpate" is produced.

The class of '30 sets an all-time record breaking Junior Revue, with 100% cooperation from the class. Bertha Stout makes another perfect shot for the Juniors. Barth, Rogers, and Roadarmel test the strength of oak paddles—and other things. Rose Quarry after a Spring snow. "Meet the Wife" — she just fainted.

## In Appreciation

The last piece of copy is in and set up, all proofs are read and corrected, the forms are on the press, and the foreman will soon call "30" to us, and, for the most part, our work is over.

A feeling of mingled joy and sadness races up and down our spine as we sit with our badly-battered typewriter waiting to accept the last few jabs before its Adytum career is completed. We recall sleepless nights in Talbot Hall, cutting, pasting, and mounting pictures; hours of work at the Times and at our room where we sat alone, thinking, working, and planning for what we hoped would be the "biggest and best" Adytum; trips to Columbus, there to watch our artist work and later to enjoy a show in his company; frenzied phone calls, and telegrams, seeking to straighten out our own careless errors; innumerable classes, we recall also, in which our mind was far away from "Cymbeline," "Obiter Dicta," "Brachipods," and Italian "Subjunctives"—and you professors knew it; rude replies to interested, if not inquisitive, spectators, too, we remember, and apologize for. But we have grown sentimental!

We are not seeking glory nor sympathy; we accepted the task on our own—we thank our classmates for the privilege. Our efforts, trials, and tribulations have been trivial; we have sacrificed little in our Adytum shrine; we have done nothing unusual nor deserving of comment. There are those, however, that merit our heartiest appreciation, and to them we extend our gratitude.

First of all, to our Mothers and Fathers, our thanks for providing us the opportunity to do this work. To the Stafford Engraving Company, and to Miss Morona Sullivan especially, for excellent work, advice, and service; to the Greenfield Printing and Publishing Company, Theodore Hammond, foreman, for interested endeavors in making our book a success; to Mr. and Mrs. M. H. Mueller, and the entire force of the Mueller Studio, for prompt, exceptional, and courteous photographic work, our deepest thanks and appreciation.

The Class of '30 we thank for its cooperation and assistance; and those of other classes also, for their work. Mr. B. J. Jolley we thank for his free services in packing and wrapping copy, and for handling the delivery of our books.

Last, but surely not least, our appreciation goes to those who, by a smile or a cheery word, inspired us and helped us to dig in and work.

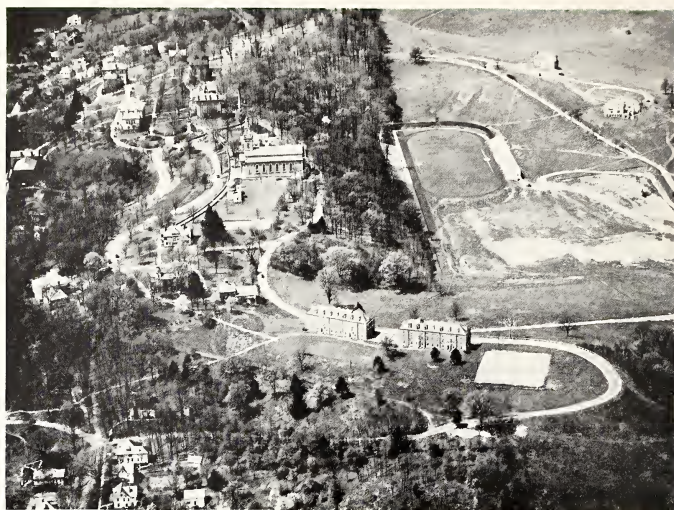

Anticipating the mild wrath of those who we might have offended either through errors or haste, we offer our apologies.

And so, still thrilled, to bed!

# **Advertising and Features**

DENISON FROM THE AIR

### Patronize Our Advertisers

Our advertisers are friends of Denison; they have shown their interest in Denison by supporting Denison publications and by boosting the University. In fairness to them, we owe them our fullest backing. Let's remember who they are and give them our business. This should be a two-way proposition, a cycle; they advertise in Denison publications and spend money in promoting Denison; we should fulfill our part of the obligation by trading with them, whether they are in Granville, Newark, or Columbus. Not a day passes but that the reader makes some purchase. Let's do business with Denison boosters!

## A Food Full of Nutriment

Every nickel you spend for Furnas Ice Cream is an investment in health.

Made in a modern plant under official health regulations, Furnas ice cream is pure. It contains only rich milk and cream and the same wholesome ingredients you would use yourself.

The minerals and lime that build firm, white teeth and strong bones are in our ice cream.

The proteins that build muscle and tissue; the carbohydrates that furnish energy and vigor; the vitamins so essential to healthful growth and development—all are in our ice cream.

When boys and girls and grown-ups, too, buy our ice cream at the neighborhood store or are served it at home they are getting additional nourishment.

## modern...this collegian kit

up to the minute rouge, powder  
lip rouge. marvelous creams to  
give and protect adorable skin.

glorious new rouge tints . . . to  
give more than natural beauty.  
the latest marvel in lip rouge—  
that just can't be equaled.  
creams that are a caress to the  
skin.

generous quantities  
of each item . . .  
packaged in a box  
bright with the colors  
of the colleges.

all this for 25c.  
why? because princess  
pat values campus  
popularity—  
knows that the  
keenest endorsement  
is that of the co-ed.

as modern as you  
yourself, are princess  
pat beauty aids  
—unmistakably different. they give  
new sparkle—brilliant grooming, you  
will be delighted  
beyond words.

be sure to obtain  
the famous collegian  
kit—the greatest  
money's worth in  
the world—
